January 1867

Guillaume Favre

The Papers Of Andrew Johnson Volume 2 August 1866 January 1867:

Andrew Johnson and Ulysses S. Grant Garry Boulard, 2022-09-15 In the spring of 1865 after the end of the Civil War and the assassination of Abraham Lincoln two men bestrode the national government as giants Andrew Johnson and Ulysses S Grant How these two men viewed what a post war America should look like would determine policy and politics for generations to come impacting the lives of millions of people North and South black and white While both Johnson and Grant initially shared similar views regarding the necessity of bringing the South back into the Union fold as expeditiously as possible their differences particularly regarding the fate of millions of recently freed African Americans would soon reveal an unbridgeable chasm Add to the mix that Johnson having served at every level of government in a career spanning four decades very much liked being President and wanted to be elected in his own right in 1868 at the same time that a massive move was underway to make Grant the next president during that same election and conflict and resentment between the two men became inevitable In fact competition between Johnson and Grant would soon evolved into a battle of personal destruction one lasting well beyond their White House years and representing one of the most all consuming and obsessive struggles between two presidents in U S history

The Swing Around the Circle Garry Boulard, 2008 In 1866 President Andrew Johnson was trying to find solutions to a bewildering array of immediate post Civil War challenges what to do about the recently liberated slaves how to bring the South back into the Union whether or not former members of the Confederacy should be pardoned and forgiven for their war time acts and building a thriving national economy that would provide jobs for millions of new veterans Confronted with an increasingly assertive Congress that had been frustrated by its lack of influence during the presidency of Abraham Lincoln Johnson decided to take his case directly to the American people for the fall mid term elections of 1866 becoming the first president in history to actively engage in a political campaign In a trade ride in which he was joined by the hero Ulysses S Grant the very young George Armstrong Custer and the legendary William Seward the secretary of state who was viciously attacked on the same night that Lincoln was murdered Johnson spoke to hundreds of thousands of voters from New York to Chicago and St Louis But because of his confrontational intemperate rhetorical style and habit of engaging hecklers in direct verbal battle Johnson alienated more people than he won over resulting not only in a thumping defeat for his cause at the polls but a move to impeach and remove him from office by opponents who were convinced that Johnson s behavior on the Swing Around the Circle showed that he was mentally unbalanced Repeatedly referred to by historians and reporters in the decades since the Swing Around the Circle has never been explored in one single book until now

Andrew Johnson Garry Boulard, 2021-04-05 Few presidents have been as eviscerated in history as Andrew Johnson who suddenly on a rainy morning in April of 1865 became the nation s new chief executive upon the assassination of Abraham Lincoln A man who rose from dire poverty through a sheer primal force of will Johnson was elected to every level of government always taking his case to the people in a remarkable if often chaotic career that included service

as a state legislator member of Congress Governor of Tennessee U S Senator vice president and finally the presidency itself During the Civil War Johnson bravely stood up to Confederates his life repeatedly threatened serving at Lincoln s pleasure as the Military Governor of Tennessee and pushing for an end to slavery Yet he is the same man who upon succeeding Lincoln could not see his way clear to securing the full Constitutional rights for ex slaves Because of his endless fights and many confrontations Johnson s presidency has since been roundly condemned as one of the most disastrous in U S history Johnson notes Page Smith in his seminal People s History series put on full display a reckless and demonic spirit that drove him to excess to violence harsh words and actions He was thrust into a role that required tact flexibility and sensitivity to the nuance of public opinion qualities that Lincoln possessed in abundance but that Johnson lacked asserts historian Eric Foner He was an angry man notes David Stewart a chronicler of Johnson s impeachment trial and he was rigid and these were qualities that served him terribly as president Yet for all of the scholarly indictments of the 17th President indictments supported by a recent Siena College Research Institute historians survey placing him at the bottom in overall performance Andrew Johnson challenges us as a singularly American story of triumph defeat and renewal a man who overcame the challenges of poverty class and alienation to reach the highest peaks of power in the country That drive was ironically most tellingly on display after Johnson left the White House denied even the opportunity of a party nomination for another term in office From the ashes of that loss Johnson methodically rose again winning election to the U S Senate and improbably returning to national prominence Andrew Johnson s renaissance coming 6 years after an unprecedented effort to impeach and remove him from the presidency represents one of the greatest comebacks in American political history and serves as a testament to a man who could never be totally defeated
