Myth and the American Experience N,1973 **Myth and the American Experience** Nicholas Cords,Patrick Gerster,1991 Myths have a dual nature They are on the one hand stories works of fancy and falsehood Yet in the stories a

society tells about itself there are clearly psychological truths every bit as revealing as the facts In this very duality myths often reflect the nuances and conflicts of a living changing society in ways that accepted academic history cannot Here students of American society will discover a fascinating counterpart to the history portrayed in standard texts More than ever Myth and the American experience proves that through myths we can better understand as well as express our collective desires dreams and values Back cover
