Stewardshift Bob Sitze,2016-01-01 The collective groan that greets stewardship campaigns in most churches can be quelled This book offers theoretical and practical propositions by which lay and clergy leaders can ensure the sustainability of stewardship ministries to help their congregations flourish Bob Sitze invites stewardship leaders into a broader conversation of how shifted biblical and secular stewardship concepts practice and identity can be incorporated into a congregation's life and help bring about lasting change The book has two sections Part 1 Scriptural Stewardshifts reinterprets familiar biblical passages on stewardship introduces new ones and helps congregations expand their use of the Bible in their life and stewardship work Part 2 Secular Stewardshifts examines the resources that are available to congregations from the continuing revelation that is occurring in the secular world including brain science financial planning philanthropy community organizing and other areas The book is written in a friendly style with reflection questions so what moments and engaging sidebars **Wolves in Sheep's Clothing** MICEAL. O'HURLEY,Oksana Shadrina,2025-07-07 Wolves in Sheep's Clothing examines the Russian Orthodox Church's historic devolution from a church to a mere peddler of political power as a state intelligence instrument Today's Russian Orthodox Church seeks to emerge as the most consequential syndicate of social influence across Europe in service to Vladimir Putin's quest for empire The Moscow Patriarchate's breach of Orthodox unity over the reemergence of an autocephalous Orthodox Church of Ukraine under the jurisdiction of the

Ecumenical Patriarch prioritizes Russian nationalism at the expense of traditional Christian values. The reasoning is neither ecclesial nor theological but a brazen attempt to prolong Russia's social suzerainty over its neighbors and impose a European submission to the Russkiy Mir. Patriarch Kirill's intention is to displace Constantinople as the centre of Orthodoxy and finally establish Moscow as the New Rome. Moscow's geopolitical proposition is pregnant with peril. Moscow has the audacity to plead religious persecution by undermining their neighbors right to control their Orthodox churches while simultaneously banning the Ukrainian Greek Catholic Church in Russian occupied territories. An inescapable conclusion emerges from it all: The Russian Orthodox Church is a potent and pernicious threat to European cohesion, security and democracy.
