**Strategy Papers**, 1981 *Shaping China's Security Environment* Andrew Scobell, Larry M. Wortzel, 2006 The contributions contained herein address the role of the Chinese military in shaping its country's security environment Of course the PLA itself is shaped and molded by both domestic and foreign influences In the first decade of the 21st century the PLA is not a central actor in China's foreign policy the way it was just a few decades ago Nevertheless the significance of the PLA must be understood The military remains a player that seeks to play a role and influence China's policy towards such countries and regions as the United States Japan the Koreas Southeast Asia South Asia and of course Taiwan It is important not to overlook that in times of crisis or conflict the role and influence of the PLA rise significantly
