**The Perfect Assassin** Jerry Leonard,2002-10    *The Kennedy Assassinations* Mel Ayton,2022-07-19 Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers. Indeed a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders. Was a shot fired from Dealey Plaza's grassy knoll? Why did Jack Ruby shoot Oswald? Was it the CIA, the Soviets, Cuban nationalists or the Mafia that arranged John Kennedy's assassination? Was Robert Kennedy shot from in front and behind and who had the most to gain from his death? These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head on. Over many years Mel Ayton has examined all the more substantial conspiracy theories and through careful analysis of documents and eyewitness statements he has demolished each one. In each case Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories. These have now been brought together to provide a comprehensive analysis of all the main theories as to who, how and why the two Kennedy brothers met their deaths in such unusual circumstances. Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he crouched or that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy's assassination, the harsh reality is that the Kennedy brothers were each killed by lone gunmen. This is an absorbing read brought up to date with the addition of new material as it has been uncovered. Maybe just maybe this book will persuade people that the official accounts of both murders, although flawed, are not cover ups but simply statements of fact.    **Honest Answers about the Murder of President John F. Kennedy** Vincent Michael Palamara,2021-03-19

Thousands of books and articles have been written about the murder of JFK, many of which are large in volume and short on facts. Quite often these works try to reinvent the wheel, attempting to cover every single area of the assassination as well as many tangential and unessential points as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts and theories, leaves one unsatisfied and quite frankly not sure exactly what did happen on 11/22/63. This book seeks to separate the wheat from the chaff. It is 55 plus years later; it is time for real honest answers in an easy to read and understand format. Proof of a conspiracy, no theories, to the point, a perspective on the assassination for the millennial age and beyond. Based on years, decades of primary source research and having read countless books on the subject.    **Four Days in November** Vincent Bugliosi,2008-05-17 A book for the ages. Los Angeles Times Book Review: *Four Days in November* is an extraordinarily exciting, precise and definitive narrative of the assassination of President John F. Kennedy on November 22, 1963, by Lee Harvey Oswald. It is drawn from *Reclaiming History: The Assassination of President John F. Kennedy*, a monumental and historic account of the event and all the conspiracy theories it spawned by Vincent Bugliosi, legendary

prosecutor of Charles Manson and author of Helter Skelter For general readers the carefully documented account presented in Four Days is utterly persuasive Oswald did it and he acted alone **The JFK Assassination Debates** Michael L.
