Stories of the World's Poisonous Trees Kavita Anjal,101-01-01 Stories of the World's Poisonous Trees is an insightful and cautionary guide to the hidden dangers lurking within some of nature's most beautiful trees. Blending scientific knowledge with cultural and ecological context, the book explores trees that are both alluring and deadly, revealing how toxins in their seeds, bark, or leaves can cause serious harm. It aims to raise awareness, prevent accidents, and encourage respect for nature's complexity. Through detailed descriptions, readers learn about each tree's physical features, growth habits, and uses ranging from medicinal to ornamental, while understanding their risks. The book also examines these trees' roles in ecosystems, their cultural significance, and how they affect human lives, often unnoticed in gardens, parks, or streets. By highlighting real dangers and emphasizing safety, it equips readers to recognize and respond wisely to these threats. For nature lovers, gardeners, and curious minds, this book is a compelling and vital resource for navigating our environment with awareness and appreciation.

**Space Transmigration System** Yun ShiSan,2020-04-01 He traveled through ancient and modern societies with a space transmigration system, relying on his excellent business ability. He not only gained a lot of wealth but also won the favor of beautiful women. He inadvertently obtained a space-time key; then he could open a door to change time and space as he wishes. He opened a door when living in the modern world; then he would come to the cottage where pirates gathered in ancient times. Open a door in ancient times, and then he would return to the familiar modern city. As he kept opening the door to cross, he began to connect the two worlds closely. The ancient gold and silver jewelry was continuously brought to the modern day by him, and modern glass and plastic became the strange treasures chased by the ancient powers. Since working as a space transmigration businessman, he found that making money was so simple. There are so many people in the modern world who admire his talent, and many girls in ancient society vying to be his wife. Isn't life fantastic? About the Author: Yun Shisan, an excellent online novelist, has rich creative experience and excellent writing ability. His novel is loved by most readers for its outstanding storyline.

**The Ascent of John Company** G.S. Cheema,2017-08-10 The Ascent of John Company is the story of the founding of the British empire in India. The process of founding empires is rarely, if ever, edifying. It is invariably a sordid story of brutality and violence, tempered to some extent by blatant lies, corruption, skulduggery, and intrigue. Robert Clive and Warren Hastings are the two names that come most readily to mind when one thinks of the founders; were no heroes in their times. Still less were Vansittart, Verelst, or Coote Bahadur. We have a governor who was overthrown and imprisoned by his own Councillors, and a general who had to be bribed to take the field. Many of them were accused of atrocious crimes of murder and extortion. Bribe-taking, peculation, and corruption were the least of their high misdemeanours, and the most egregious were ruined by the judicial processes to which they were subjected on their return. The word nabob

which was applied to them by their own countrymen was anything but complimentary The romanticization of the empire came much later it was a phenomenon of the later Victorian period but in spite of the fact that the empire has long since faded away nostalgia for the Raj still lingers among some circles For such people this volume will be a useful corrective the past always seems better than the contentious present Even for others who may not see the past through rose tinted glasses this book will help to place things in perspective To paraphrase Dickens this is the best of times and the worst of times and it has always been so     *The British Jugernath* G.
