

# FIRST AID

Call 911 or an Emergency Number for any severely ill or injured child.

## STINGS AND BITES

**Stinging Insects** Remove the stinger as quickly as possible with the scraping motion of a fingernail. Put a cold compress on the bite to relieve the pain. If trouble breathing, fainting, or extreme swelling occurs, call 911 or an emergency number immediately. For hives, nausea, or vomiting, call the pediatrician. For spider bites, call the pediatrician or Poison Center and describe the spider. Have the pediatrician examine any bites that become infected.

**Animal or Human Bites** Wash wound thoroughly with soap and water. Call the pediatrician. The child may require a tetanus or rabies shot.

**Ticks** Use tweezers or your fingers to grasp as close as possible to the head of the tick and slowly pull the tick away from the point of attachment. Call the pediatrician if the child develops symptoms such as a rash or fever.

**Snake Bites** Take the child to an emergency department if you are concerned that the snake may be poisonous or if you are unsure of the type of snake bite. Keep the child at rest. Do not apply ice. Loosely splint the injured area and keep it at rest, positioned below the level of the heart. Try to identify the snake, if you can do so safely.

## BURNS AND SCALDS

**General Treatment** First stop the burning process by removing the child from contact with hot water or a hot object (for example, tar). If clothing is burning, smother flames and cool clothing by soaking with water. Remove clothing unless it is firmly stuck to the skin. Run cool water over burned skin until the pain stops. Do not use ice or apply any butter, grease, medication, or ointment.

**Burns With Blisters** Do not break the blisters. Call the pediatrician for advice on how to cover the burn and about any burns on the face, hands, feet, or genitals.

**Large or Deep Burns** Call 911 or an emergency number. After stopping and cooling the burn, keep the child warm with a clean sheet covered with a blanket until help arrives.

**Electrical Burns** Disconnect electrical power. Do NOT touch the victim with bare hands. Pull the victim away from the power source with a wooden pole. ALL electrical burns need to be seen by a doctor.

## SKIN WOUNDS

Make sure the child is immunized for tetanus. Any open wound may require a tetanus booster even when the child is currently immunized. If the child has an open wound, ask the pediatrician if the child should receive a tetanus booster.

**Bruises** Apply cold compresses. Call the pediatrician if the child has a crush injury, large bruises, continued pain, or swelling. The pediatrician may recommend acetaminophen for pain.

**Cuts** Wash small cuts with water until clean. Use direct pressure with a clean cloth to stop bleeding. Apply an antibiotic ointment, then cover the cut with a clean bandage. Call the pediatrician for large and/or deep cuts, or if the wound is gaping, because stitches should be placed without delay. For major bleeding, call for help (911 or an emergency number). Continue direct pressure with a clean cloth until help arrives.

**Scrapes** Rinse with soap and water to remove dirt and germs. Do not use detergents, alcohol, or peroxide. Use antiseptic soap. Apply an antibiotic ointment and a bandage that will not stick to the wound.

**Splinters** Remove small splinters with tweezers, then wash and apply local antiseptic. If you are unable to remove the splinter completely, call the pediatrician.

**Puncture Wounds** Do not remove large objects such as a knife or stick from a wound. Call for emergency medical assistance (911). Such objects must be removed by a doctor.

Call the pediatrician for all puncture wounds. The child may need a tetanus booster.

## EYE INJURIES

If anything is splashed in the eye, flush gently with water for at least 15 minutes. Call the Poison Center or the pediatrician for further advice. Any injured or painful eye should be seen by a doctor. Do NOT touch or rub an injured eye. Do NOT apply medication. Do NOT remove objects stuck into the eye. Cover the painful or injured eye with a paper cup or eye shield until you can get medical help. An eye injury may require a tetanus booster.

## FRACTURES AND SPRAINS

DO NOT MOVE A CHILD WHO MAY HAVE A NECK OR BACK INJURY, as this may cause serious harm. Call 911 or an emergency number.

If an injured area is painful, swollen, deformed, or if motion causes pain, wrap it in a towel or soft cloth and make a splint with cardboard or another rigid material to hold the arm or leg in place. Apply ice or a cold compress, or seek emergency care, if there is a break in the skin near the fracture or if you can see the bone, cover the area with a clean bandage, make a splint as described above, and seek emergency care.

If the foot or hand below the injured part is cold or discolored, seek immediate emergency care.

## FEVER

Fever in children is usually caused by infection. It also can be caused by chemicals, poisons, medications, an environment that is too hot, or an extreme level of exertion. Take the child's temperature to see if he has a fever. Most pediatricians consider any thermometer reading above 100.4°F (38°C) a sign of a fever. However, the way the child looks and behaves is more important than how high the child's temperature is. Call the pediatrician immediately if the child has a fever and:

- Appears very ill, is unusually drowsy, or is very fussy
- Has been in an extremely hot place, such as an overheated car
- Has additional symptoms such as a stiff neck, severe headache, severe sore throat, severe ear pain, an unexplained rash, or repeated vomiting or diarrhea
- Has a condition causing immune suppression (such as sickle cell disease, cancer, or the taking of steroids)
- Has had a seizure
- Is less than 2 months of age and has a rectal temperature of 100.4°F (38°C) or higher

To make the child more comfortable, dress him in light clothing, give him cool liquids to drink, and keep him calm. The pediatrician may recommend fever medications. Do not use aspirin to treat a child's fever. Aspirin has been linked with Reye syndrome, a serious disease that affects the liver and brain.

## FAINING

Lay the child on his back with his head to the side. Do NOT give the child anything to drink. If the child does not wake up within 1 minute, call the pediatrician, or dial 911 or an emergency number. If the child is not breathing, begin CPR.

## TEETH

**Baby Teeth** If knocked out or broken, apply clean gauze to control bleeding and call the pediatric dentist.

**Permanent Teeth** If knocked out, find the tooth and, if dirty, rinse gently without scrubbing or touching the root. Do not use chemical cleaners. Use milk or cold running water. Place the tooth into clean water or milk and transport the tooth with the child when seeking emergency care. Call and go directly to the pediatric dentist or an emergency department.

If the tooth is broken, save the pieces in milk and call the pediatric dentist immediately.

## CONVULSIONS, SEIZURES

If the child is breathing, lay her on her side to prevent choking. Make sure the child is safe from objects that could injure her. Do not put anything in the child's mouth. Loosen any tight clothing. Perform rescue breathing if the child is blue or not breathing. Call 911 or an emergency number.

## HEAD INJURIES

DO NOT MOVE A CHILD WHO MAY HAVE A SERIOUS HEAD, NECK, AND/OR BACK INJURY. This may cause further harm.

Call 911 or an emergency number immediately if the child loses consciousness and does not awaken within a few minutes.

Call the pediatrician for a child with a head injury and any of the following:

- Loss of consciousness
- Drowsiness that lasts longer than 2 hours
- Difficulty being awakened
- Persistent headache or vomiting
- Clumsiness or inability to move any body part
- Coughing or blood or watery fluid from ears or nose
- Convulsions (seizures)
- Abnormal speech or behavior

For any questions about less serious injuries, call the pediatrician.

## POISONS

If the child has been exposed to or ingested a poison, call the Poison Center at 800/222-1222.

**Swallowed Poisons** Any nonfood substance is a potential poison. Call the Poison Center immediately. Do not induce vomiting except on professional advice. The Poison Center will give you further instructions.

**Fire, Gas, or Smoke**

Get the victim into fresh air and call 911 or the fire department. If the child is not breathing, start cardiopulmonary resuscitation (CPR) and continue until help arrives.

**Skin Exposure** If acids, lye, pesticides, chemicals, poisons, or any potentially poisonous substance comes in contact with a child's skin, eyes, or hair, brush off any residual material while wearing rubber gloves, if possible. Remove contaminated clothing. Wash skin, eyes, or hair with large quantities of water or mild soap and water. Call the Poison Center for further advice.

If a child is unconscious, becoming drowsy, having convulsions, or having trouble breathing, call 911 or an emergency number. Bring the poisonous substance (safely contained) with you to the hospital.

## NOSEBLEEDS

Keep the child in a sitting position with the head tilted slightly forward. Apply firm, steady pressure to both nostrils by squeezing them between your thumb and index finger for 10 minutes. If bleeding continues, or is very heavy, call the pediatrician or seek emergency care.

Does your community have 911? If not, note the number of your local ambulance service and other important numbers below.

# The Parents Guide To Emergency First Aid

**Debra M. Fritsch, Ruth S. Hunter**

## **The Parents Guide To Emergency First Aid:**

**The Parents' Guide to Psychological First Aid** Gerald P. Koocher, Annette M. La Greca, Olivia Moorehead-Slaughter, Nadja N. Lopez, 2024 The Parents Guide to Psychological First Aid brings together an array of experts to offer parental guidance in helping your child navigate and recover from the everyday stresses they will encounter growing up. Clear, practical and to the point, this is a go-to reference that parents will find themselves returning to again and again as their children grow. With practical tips, nonjudgmental advice and suggestions for additional resources at the end of each chapter, this useful and thought-provoking book will be of immense value to new and seasoned parents alike. **The Parent's Guide to Emergency First Aid** William D. O'Riordan, 1983 A Parent's Guide to First Aid Roxanne Nelson, 2002 This on-the-spot and easy-to-use reference helps parents and caregivers often the first people on the scene when something happens to a child deal safely and confidently with the most common mishaps that befall children. The basics of emergency procedures such as cardiopulmonary resuscitation and the Heimlich maneuver are demonstrated. An A to Z listing of the most common situations requiring immediate care is provided, cross-referenced to help parents find the right information quickly. Instructions for preparing a first aid kit are included along with general pointers on prevention and safe travel with kids.

**Stay safe and be prepared: a parent's guide to disaster risk reduction** UNESCO, 2014-10-20 *A Parent's Guide to Locating Responsible Child Care* Ronald R. Capps, 2007-12 You Need To Take These Specific Actions To Safeguard Your Child From Possible Harm SIX THINGS THIS BOOK WILL HELP YOU ACHIEVE 1 Create a safer environment for your child 2 Effectively screen your child care provider s 3 Increase your knowledge in selecting a competent child care provider 4 Locate the absolute best child care providers in your area 5 Decrease the chances of child care abuse 6 Feel confident that your child is in good care when you're not present This book will help determine you and your child's needs, create a safer environment and help you select the absolute best child care your area has to offer without putting your child at risk. *A Parent's Guide to Childhood Emergencies* Lisa J. Bain, 1993 Unique in that it is written in conjunction with a hospital and its doctors, this comprehensive guide focuses not only on preventing trips to the emergency room but also on how to deal with injuries or illnesses as they occur, including recognizing when professional help is needed and how to cope with pain. Illustrated throughout The Parents' Guide to L.A. 1995 Karin Mani, 1994-10 **The Parent's Guide to Coaching Hockey** Richard Zulewski, 1993 Each of these well-illustrated handbooks serves as the perfect step-by-step introductory primer for parents and coaches. Written in an easy conversational style, these books cover all the basic skill-building techniques, rules of the game and proper equipment for each sport. Special attention is to developing a child's confidence and self-esteem. **The Parent's Guide to Natural Health Care for Children** Karen Sullivan, 2004 This comprehensive sourcebook of natural health alternatives can be used by parents with children from infancy through the teenage years.

Parents' Guide to Martial Arts Debra M. Fritsch, Ruth S. Hunter, 1998 The ultimate who, what, where and why reference.

book for parents in search of a martial arts school and a positive experience for their children The authors answer dozens of questions about choosing a martial arts school and understanding what's going on once lessons begin including evaluating an instructor's credentials understanding contracts and membership agreements spotting unsafe facilities exercises preventing injuries purchasing the right safety gear helping your child get the most from his or her martial arts lessons An invaluable resource for parents Includes check list and evaluation sheet for objectively comparing schools and instructors Know which questions you should be asking and what answers signal a potentially positive experience for you and your child

**Paranoid Parents' Guide to Summer Beach Safety Tips for On-the-Go Kids and Their Busy Parents ,     The Complete Parents' Guide to Soccer** Gerald R. Fecht,1979     **The Parents' Guide to Baby & Child Medical Care** Meadowbrook Medical Reference Group,1991     **Young People's World: Parents' guide and index** ,1966     **The Fathers' Guide** Jim Hoehn,2002 This humorous but practical guide to new fatherhood combines firsthand anecdotes and experiences with interviews research and sound advice First time fathers will benefit from the trimester by trimester breakdown of what's happening with mother and baby Information and advice about prenatal classes how to help out in the delivery room hormonal changes the quest for the perfect name coping with sleep deprivation and living a minivan lifestyle are included     *The Baffled Parent's Guide to Coaching Youth Hockey* Bruce Driver,Clare Wharton,2004-11-10 This is a great book that touches on the most important parts of the game sportsmanship discipline and most importantly fun Larry Robinson member of the Hockey Hall of Fame six time Stanley Cup Champion Coach You thought you were just going to sign up your child for the youth league but when no one else stepped forward you volunteered to coach the team But you can't tell a flip pass from a slap shot or an angle check from a hip check Don't panic Coaching Youth Hockey is here to help From your first team meeting to the season ending pizza party Coaching Youth Hockey will get you started and keep you going You'll learn how to teach the fundamental skills of passing stickhandling shooting and checking You'll even learn to develop your own coaching style one that works best for you and your players Before you know it you'll be coaching players who are moving motivated and most of all having fun Survive your first practice and first game Match drills to ability Make practices safe fun and rewarding Improve your players and your team Reach all your players Be the coach you never had A must read book that provides guidelines for both parents and coaches in their relationships with young athletes Lou Lamoriello CEO president and general manager New Jersey Devils Just what hockey needs Everything you may encounter with young players can be answered in the pages of this extremely well written book Tom McVie forty nine years in pro hockey as a player coach and scout I was totally confused about instructing my sons when they played hockey This book would have prevented me from ever having been baffled Stan Fischler The Hockey Maven NHL analyst for MSG SportsDesk and author of Fischler's Illustrated History of Hockey Bruce Driver's success as a player came from being a student of the game He has applied his knowledge of hockey to this coaching guide in an extremely thorough way A must read for all youth coaches Grant

### **The Parents Guide To Emergency First Aid Introduction**

The Parents Guide To Emergency First Aid Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Parents Guide To Emergency First Aid Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Parents Guide To Emergency First Aid : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Parents Guide To Emergency First Aid : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Parents Guide To Emergency First Aid Offers a diverse range of free eBooks across various genres. The Parents Guide To Emergency First Aid Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Parents Guide To Emergency First Aid Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Parents Guide To Emergency First Aid, especially related to The Parents Guide To Emergency First Aid, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The Parents Guide To Emergency First Aid, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Parents Guide To Emergency First Aid books or magazines might include. Look for these in online stores or libraries. Remember that while The Parents Guide To Emergency First Aid, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The Parents Guide To Emergency First Aid eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites.

While this might not be the The Parents Guide To Emergency First Aid full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Parents Guide To Emergency First Aid eBooks, including some popular titles.

### **FAQs About The Parents Guide To Emergency First Aid Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Parents Guide To Emergency First Aid is one of the best book in our library for free trial. We provide copy of The Parents Guide To Emergency First Aid in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Parents Guide To Emergency First Aid. Where to download The Parents Guide To Emergency First Aid online for free? Are you looking for The Parents Guide To Emergency First Aid PDF? This is definitely going to save you time and cash in something you should think about.
