The Peking Man Is Missing Claire Taschdjian, 1979-09 Found in a cave in China the Peking Man is more than half a million years old It is December 1941 and the Americans and Japanese both want him but thieves vanish with him into a world disrupted by war They are soon hunted by an honor bound Japanese military officer Peking's premier heroin chemist CIA operatives and the ageless elusive servant of Mao the ghostlike Chen **The Peking Man is Missing** Claire Taschdjian, 1977 The Peking Man is Missing Claire Taschdjian, 2008 In the 1920s on a hill near Peking now Beijing a team of scientists discovered a huge cache of human bones some more than half a million years old Collectively dubbed Peking Man they were one of the most important finds in the history of paleontology And in 1941 in the chaos of World War II they disappeared No one knows what happened but there are plenty of theories many with political implications Claire Taschdjian's speculation as to what might have become of the priceless fossils could represent just another theory but for one intriguing fact Claire Taschdjian was one of the last people in the world known to have seen Peking Man With newly commissioned material on the true story of the Peking Man Between the Lines of World War II Paul M. Edwards, 2014-01-10 This is a collection of 21 accounts of people and events that illuminate the strange adventures mysterious circumstances extreme behaviors and forgotten tragedies of World War II Ranging from a look at Adolf Hitler's children's factory to the smuggling of gold bullion from the besieged island of Corregidor to those who flew with the Chinese Air Force against Japan years before the more famous Flying Tigers these accounts provide insight into the larger scope of the war **Lost Fossils** Amelia Khatri, 2025-02-15 *Lost Fossils* explores a hidden side of paleontology the disappearance of crucial fossils due to theft misplacement or concealment This book argues that these losses distort our understanding of evolutionary history and the Earth's past It sheds light on how human factors such as scientific ambition and historical events have impacted the fossil record Imagine for instance how the disappearance of a key early hominid fossil could alter our interpretation of human evolution The book progresses by first defining what constitutes a lost fossil and the reasons for their disappearance Then it investigates specific cases like the alleged theft of dinosaur specimens from Mongolia Finally it explores the wider implications of these losses on our knowledge of evolution biogeography and paleoclimatology This approach highlights the precarious nature of fossil preservation and the need for better documentation By connecting Earth sciences geography and history *Lost Fossils* offers a unique perspective on the human element in paleontological discoveries Lost in Translation Nicole Mones, 2007-12-18 A novel of searing intelligence and startling originality *Lost in Translation* heralds the debut of a unique new voice on the literary landscape Nicole Mones creates an unforgettable story of love and desire of family ties and human conflict and of one woman's struggle to lose herself in a foreign land only to discover her home her heart herself At dawn in Beijing Alice Mannegan pedals a bicycle through the deserted streets An American by birth a translator by profession she spends her nights in Beijing's smoke-filled bars and the Chinese men she so desires never misunderstand her

intentions All around her rushes the air of China the scent of history and change of a world where she has come to escape her father's love and her own pain It is a world in which each night as she slips from her hotel she hopes to lose herself forever For Alice it began with a phone call from an American archaeologist seeking a translator And it ended in an intoxicating journey of the heart one that would plunge her into a nation's past and into some of the most rarely glimpsed regions of China Hired by an archaeologist searching for the bones of Peking Man Alice joins an expedition that penetrates a vast uncharted land and brings Professor Lin Shiyang into her life As they draw closer to unearthing the secret of Peking Man as the group's every move is followed their every whisper recorded Alice and Lin find shelter in each other slowly putting to rest the ghosts of their pasts What happens between them becomes one of the most breathtakingly erotic love stories in recent fiction Indeed *Lost in Translation* is a novel about love between a nation and its past between a man and a memory between a father and a daughter Its powerful impact confirms the extraordinary gifts of a master storyteller Nicole Mones
