The Foundations of Wisdom an Introduction to the Perennial Philosophy) Volume II Sebastian Walshe OPraem,2023-04-13 How did God create the world around us so that we can understand Him God created the universe so that the human mind could naturally come to a knowledge of Him by observing our surroundings But how exactly does this happen How can we be sure that there is a spiritual reality underlying everything or that one even exists at all Following upon the first volume Logic which teaches the student how to think well Philosophy of Nature seeks to help man understand how to view the material universe that surrounds him and to see the order that God has instilled in it The basic concepts of matter form and motion are addressed so that the modern attacks upon each one s existence can be repelled Nearly every philosophical error of modernity stems from a misunderstanding of the material world this bad philosophy of nature has led

to catastrophic conclusions that deny the spiritual world and prevent a right view of things according to the mind of the saints the Church and God Himself Understand the Church s explanation of how the material world around us exists according to the philosophy of Saint Thomas and deepen your understanding of the first book that God wrote the material universe so that we can see His mark in every aspect of creation Letters of Frithjof Schuon: Reflections on the Perennial Philosophy Frithjof Schuon,2022-06-01 This collection of letters by Frithjof Schuon the foremost spokesman of the perennial philosophy contains nearly 200 newly translated letters from Schuon s youth to old age as written to friends spiritual seekers scholars and others Among the letters are those that address in a simpler and more accessible manner the same metaphysical subjects that continually recur in Schuon s published works Other letters relate to the spiritual life in its simple and concrete aspects by answering such fundamental questions as Why is there evil in the world How can I recognize if I am on a wrong path and What should I do to be saved Finally there are letters that relate to various aspects of Schuon s life most of which were written to his closest friends While not a comprehensive autobiography these letters offer an intimate view of certain key moments in his life Taken as a whole the present collection of letters offers insights into the content of Frithjof Schuon s message his exposition of the perennial philosophy as well as a glimpse into his life as messenger of that philosophy

Perennial Philosophy Arthur Versluis,Associate Professor of American Thought and Language Arthur Versluis,2015-08-29 In this lucid explanation of perennial philosophy Arthur Versluis reveals this tradition so often described as esoteric and inaccessible to be closer to our interests and experience than many of us have realized Versluis has distilled an immense amount of scholarship into this small volume but its brevity is deceiving Like the culmination to any alchemical work _Perennial Philosophy_ is a powerful tincture that once imbibed transports receptive readers to a world in which they are part of a spiritual hierarchy that links heaven to earth Arthur Versluis has distilled an immense amount of scholarship to produce a disarmingly accessible lucid and deeply penetrating study of the great philosophic traditions that underlie Western culture Versluis concisely explains what perennial philosophy is and what it isn t The clarity of his prose makes this deep book a pleasure to read A remarkable achievement Gregory Shaw author of _Theurgy and the Soul The Neoplatonism of Iamblichus_ This brilliant little book written with stunning clarity offers an entirely new perspective on what perennial philosophy actually means and entails This is a return to the real philosophical quest almost entirely forgotten by the academic world a going beyond the limited self to experience our kinship with the greater world and the deepest levels of reality which results in a transformation of the self and a realization of our human nature For anyone interested in the roots of our philosophical tradition or what a living philosophy could look like today and in the future a philosophy that actually inspires and fertilizes culture art and human experience this book is indispensable David Fideler author of _Restoring the Soul of the World_ and other books and essays **The Perennial Philosophy and the Future of America** John White,2014-04-11 This mini book is a chapter from my forthcoming book *Enlightenment 101 A Guide to God Realization and*

Higher Human Culture The book looks at the experience of enlightenment for the individual and the race This chapter begins Perennial means always reappearing like flowers which are planted once and then come up every spring Philosophy of course means love of wisdom or more generally wisdom itself So the perennial philosophy means wisdom which appears again and again It has also been called the perennial wisdom and the ageless wisdom It appears throughout history in all cultures in all parts of the world It is timeless and universal It answers the most fundamental questions people have asked about existence It speaks to their highest concerns and has done so since humanity first developed a hunger for understanding ourselves and the meaning of existence It has aspects of religion metaphysics philosophy esoteric doctrines occult teachings and hermetic mysteries yet it transcends all of these specific traditions It is in the words of Ken Wilber the worldview that has been embraced by the vast majority of the world s greatest spiritual teachers philosophers thinkers and even scientists it s a testament to the universal nature of these truths to the universal experience of a collective humanity that has everywhere agreed to certain profound truths about the human condition and about its access to the Divine The perennial philosophy is in short the collective highest wisdom of humanity It is the spiritual data base of human insight and understanding about ultimate matters It has been accumulated from cultures around the world from East and West from seers and sages from sacred paths and religious traditions and from every endeavor by questing human beings to answer questions which are fundamental to human happiness
