**Numerical Methods for Scientists and Engineers** H.M. Antia,2002-05-01 This book presents an exhaustive and in depth exposition of the various numerical methods used in scientific and engineering computations It emphasises the practical aspects of numerical computation and discusses various techniques in sufficient detail to enable their implementation in solving a wide range of problems *The "Colored Hero" of Harpers Ferry* Steven Lubet,2015-08-27 This is the first and only biography of one of John Brown s African American comrades John Anthony Copeland **Confederate Emancipation** Bruce Levine,2006 Levine sheds light on such hot button topics as what the Confederacy was fighting for whether black southerners were willing to fight in large numbers in defense of the South and what this episode foretold about life and politics in the post war South **Agriculture and the Confederacy** R. Douglas Hurt,2015-03-02 In this comprehensive history R Douglas Hurt traces the decline and fall of agriculture in the Confederate States of America The backbone of the southern economy agriculture was a source of power that southerners believed would ensure their independence But season by season and year by year Hurt convincingly shows how the disintegration of southern agriculture led to the decline of the Confederacy s military economic and political power He examines regional variations in the Eastern and Western Confederacy linking the fates of individual crops and different modes of farming and planting to the wider story After a dismal harvest in late 1864 southerners faced with hunger and privation throughout the region ransacked farms in the Shenandoah Valley and pillaged plantations in the Carolinas and the Mississippi Delta they finally realized that their agricultural power and their government itself had failed Hurt shows how this ultimate lost harvest had repercussions that lasted well beyond the end of the Civil War Assessing agriculture in its economic political social and environmental contexts Hurt sheds new light on the fate of the Confederacy from the optimism of secession to the reality of collapse **Unruly Women** Victoria Elizabeth Bynum,1987 *Compendium of the Confederacy: M-Z* ,1989 **The Papers of Thomas Ruffin** Thomas Ruffin,Joseph Gregoire de Roulhac Hamilton,1973 **Books in Print** ,1994 **The American Historical Review** John Franklin Jameson,Henry Eldridge Bourne,Robert Livingston Schuyler,1919 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research **The British Library General Catalogue of Printed Books to 1975** British Library (London),Jim Emmett,1979 **Bibliographia anastatica** ,1974 **The Papers of Thomas Ruffin; Collected and Edited by J.G.
