church was served by two chapels Elland and Heptonstall which though dependent upon it had certain parochial rights and  
registers of their own Of the 24 townships which were included in the parish nine were attached to the chapel of Elland and  
five to Heptonstall The remaining ten townships Halifax Hipperholme Midgley Northowram Ovenden Shelf Skircoat

**Vol. 2** Ely Wilkinson Crossley,2017-10-29 Excerpt from The Parish Register of Halifax Co York Vol 2 Marriages and Burials  
1538 to 1593 This volume contains all the entries of Marriages and Burials in Book I of the Register The former beginning on  
Nov 28 1538 and coming down to Dec 20 1593 occupy leaves 221 to 301 Leaves 302 to 304 are blank The burials which  
begin on Nov 22 1538 and end on Dec 31 1593 cover leaves 305 to 441 A small piece is torn off leaf 300 but fortunately this  
part of it was blank The bottom edges of a number of pages are somewhat frayed and in two or three places the ink has faded  
In past times some leaves mostly blank have been torn out and apart from this there are a few gaps in the entries With these  
exceptions this part of the Register is complete and in good condition A careful examination shows that two leaves have been  
torn out between pages 572 and 573 but the fragments which remain do not bear any writing and although there are no  
marriages between Dec 23 and Jan 19 1583 it is quite possible that these pages were blank There is a gap in the burials  
between Feb 17 1545 and May 9 1546 Page 651 seems to have been left blank for these entries which have never been filled  
in Between pages 670 and 671 a leaf has been torn out but there can be little doubt but that this was blank as the entries  
follow on The burials from April 6 1567 to July 3 1568 are wanting though the Register appears to be intact at this date  
Between pages 728 and 729 as the Register is now bound are the remains of three leaves On the first of them is a marginal  
note October with some letters which seem to be the beginnings of entries It is possible that they bore some of the missing  
entries for 1567 and 1568 that the leaves were already lost when the three parts of the Register were first bound and that  
the fragments were misplaced in the binding Between pages 818 and 819 there are remains of five leaves which have been  
torn out but no traces of writing on what is left The burials however from April 21 to August 3 1585 are wanting There is also  
a gap in the burials from March 15 1592 to July 20 1593 It is somewhat doubtful whether there is a leaf missing here or not

Owing probably to the illness and death of the custodian of the Register at that time William Saltonstall Curate the burials between Feb 13 1561 and Apr 27 1562 are entered without date but the regular system came into force again on May 2 The burials from Feb 5 to 11 1549 appear out of order on page 670 of the Register Otherwise the entries are in regular order Pages 508 602 to 608 651 and 882 are blank About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Excerpt from The Parish Register of Halifax Co York Vol 1 Baptisms 1538 to 1593 The present volume contains all the entries on the first 220 leaves being the baptisms from Dec 1538 to Dec 30 1593 More than half the first leaf has been torn away and a large piece from the top corner of the next two and a small piece from the top corner of the next three are also missing with consequent loss of portions of entries Some matter has also been lost through the cutting down of a number of leaves at the beginning of the register in binding There are no entries between Feb 4 1563 and April 24 1566 but the register seems to be intact at that date Leaves bearing the entries from Jul 5 to Aug 7 1585 and from Aug 7 to Sep 1593 have been torn out but otherwise except for occasional entries here and there the baptisms for the period covered by the register appear to be complete In that part of Book I Printed here pages 9 5 102 are duplicates with pages 87 94 and pages 143 150 are duplicates with pages 151 158 In the present volume pages 95 102 and 143 150 only are printed as they contain the greater number of entries but any variations are noted within brackets There are no entries on pages 320 1 365 6 and 432 440 Amongst the baptisms are a few entries of burials which have been made in error On pages 6 23 29 32 and 35 of this volume are such

entries which have been struck out and appear in their proper place among the burials There is another on page 87 not struck out but entered in its right place On pages 26 and 66 are burials which have not been entered again whilst on page 31 is an entry which may be a burial but which does not appear in that part of the register This register has on the whole been very well kept The earlier part is written in Latin and contractions are freely used throughout The excessive number of ourishes and the unusually lengthy contraction marks render the writing at times somewhat difficult to decipher but no pains have been spared to ensure an accurate transcript formalmatter only being omitted and capitals substituted for small letters at the beginning of all proper names The contraction marks too are reproduced or omitted in accordance with the original The whole of the proofs have been compared with the Register About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
