Time-Travel Television Sherry Ginn, Gillian I.

Leitch, 2015-10-08 Stories of time travel have been part of science fiction since H G Wells sent his nameless hero hurtling into Earth's distant future in *The Time Machine*. Time travel enables the storyteller to depict alternate realities bring fictional characters face to face with historical figures and depict moral and ethical dilemmas in which millions of lives or the world as we know it are at stake. From *Doctor Who* and *Quantum Leap* to the multiple incarnations of *Star Trek* time travel has been a staple of science fiction television for more than fifty years. *Time Travel Television: The Past from the Present to the Future* from the *Past* surveys the whole range of time travel stories on the small screen. The essays in this collection explore time travel series both familiar (*Babylon 5*, *Stargate SG 1*) and forgotten (*The Time Tunnel*, *Voyagers*) as well as time travel themed episodes and arcs in series where it is not central such as *Red Dwarf*, *Lost* and *Heroes*. Contributors to this volume consider some of the classic themes of time travel stories the promise and peril of fixing the past the chance to experience and choose possible futures and the potential for small changes to have great effects. Exploring time travel as a teaching tool as a vehicle for moral lessons and as a background for high adventure this book offers new perspectives on many familiar programs and the first serious study of several unjustly neglected ones. *Time Travel Television* is essential reading for science fiction scholars and fans and for anyone interested in the many ways that television brings the fantastic into viewers' living rooms.

Canadian Reference Sources Mary E. Bond, Martine M. Caron, 1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people, institutions, organizations, publications, art, literature, languages, and history. It lists books of a general nature as well as works in the disciplines of history and the humanities. These large divisions are then broken down by subject, genre, type of document, and province or territory. Titles of national, provincial, territorial, or regional interest are included in every subject area when available. The contents of the book are indexed four ways by name, title,

French subject and English subject And to facilitate browsing the major reference books those dealing with more than one subject or a large geographical region are also cross referenced Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages Entries for unilingual works include citation in the language of the publication and a bilingual annotation The annotations are descriptive and provide information on the content arrangements and indexing of works the availability of non print formats previous editions and title changes and related works Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers
