The Peoples Republic Of China Reflections On Chinese Political History Since 1949:

The People's Republic of China Witold Rodzinski,1988 The People's Republic of China Witold Rodziński,1988
Traces the history of the People s Republic of China from its founding in 1949 to the rise to power of Deng Xiaoping in the eighties and identifies the individuals who have helped shape modern China Sinology during the Cold War Antonina Łuszczkiewicz,Michael Brose,2022-05-18 This volume provides the first study of the history of sinology aka China studies as charted across several communist states during the Cold War The People s Republic of China was created in the first years of the Cold War with its early history and foreign policy intimately bound up in that larger geopolitical fight All the seismic changes in China s geopolitical landscape from its emergence and close relationship with the Soviet Union to the Sino Soviet split and the eventual rapprochement with the United States resulted in a great deal of interest by journalists politicians and scholars Yet although scholars across the Soviet Bloc produced an impressive body of work on a range of sinological studies with rare exceptions most of those scholars and their work remains unknown outside their own intellectual circles This book redresses this dearth of knowledge of sinological scholarship providing invaluable and unique glimpses of Soviet Bloc sinologists and their work during the Cold War including cutting edge research on lesser studied communist states such as Poland Hungary Mongolia and others International in scope this book is ideal for scholars and researchers of modern history Chinese studies sinology and the Cold War *Tyranny and Music* Joseph E. Morgan,Gregory N. Reish,2017-12-26 Tyranny and Music is an edited collection of essays that explore how musical artists respond to cruel or oppressive governments and ruling regimes Its primary strength and unique quality lies in its diversity presenting a postmodern collage of scholarship that reaches across the divides of classical popular and traditional musics just as it connects musical resistance of the past with the present and the near Western with the far non Western Contemporary topics include Chosan s analysis of blood diamonds in the Sierra Leonean Civil War and collective memory in the Persian Gulf War songs Historical topics include the image of John Wilkes Booth in the popular imagination censorship in the Soviet Union Victor Ullman s song setting at Terez n artistic restrictions in Maoist China anti inquisition propaganda in the outbreak of the Dutch revolt Revolutionary Era Anthems in the United States and much more These essays while remarkable in their scholarly erudition also provide intimate glimpses of the resiliency of the individual artist From Cherine Amr s Heavy Metal resistance to the Muslim Brotherhood to Hanns Eisler s battle with the United States House on Un American Activities Committee stories of human struggle and perseverance arise from each of these narratives 公共关系学,1996 *Bulletin of the Public Affairs Information Service* Public Affairs Information Service,1989 **Journal of the United Service Institution of India** United Service Institution of India,1990 **A London Bibliography of the Social Sciences** ,1931 Vols 1 4 include material to June 1 1929 **The Sydney Law Review** ,1971 The International Year Book and Statesmen's Who's who ,1992
China's Drug Practices and Policies Hong Lu,Terance D. Miethe,Bin Liang,2016-05-23 In the context of global efforts to

control the production distribution and use of narcotic drugs China's treatment of the problem provides an important means of understanding the social political and economic limits of national and international policies to regulate drug practices In the nineteenth and early twentieth centuries China was known for its national addiction to opium but its drug eradication campaigns from the 1950s to the 1970s achieved unprecedented success that ultimately transformed China into a drug free society However since the economic reforms and open door policy of the late twentieth century China is now facing a re emergence of the production use and trafficking of narcotic drugs Employing case studies and a comparative historical approach and drawing on a variety of data sources including historical records official crime data only recently made available and news reports this book is the first English language publication to provide such a comprehensive documentation and analysis of the nature of China's legal regulation of controlled substances The authors also offer theoretical approaches for studying drug regulation aspects of drug consumption cultures the socio political treatment of drugs during various historical periods and ongoing efforts to legislate drug trade criminalize drug use and manage the drug addict population within national and international contexts
