

The background of the book cover is a photograph showing the silhouette of a person's head and shoulders in profile, looking upwards. To the left, a large tree trunk and its branches are silhouetted against a bright, hazy sky where the sun is setting or rising, creating a lens flare effect. The overall color palette is warm, with oranges, yellows, and browns.

The authors of **The Emergent Self** probe intimately into the nature of the communal dimension of experience as well as our recollected presence to its fullest meaning.
