Michael Oakeshott and the Cambridge School on the History of Political Thought Martyn P. Thompson, 2019-05-20 This book is a critique of Cambridge School Historical Contextualism as the currently dominant mode of history of political thought drawing upon Michael Oakeshott's analysis of the logic of historical enquiry. While acknowledging that the early Cambridge School work represented a considerable advance towards genuinely historical histories of political thought, this work identifies two major historiographical problems that have become increasingly acute. The first is general: an insufficiently rigorous understanding of the key concept of pastness necessarily presupposed in historical enquiry of all kinds. The second is specific to histories of political thought: a failure to do justice to the varieties of past political thinking, especially differences between ideology and philosophy. In addressing these problems, the author offers a comprehensive account of the history of political thought that establishes the parameters not just of histories of ideological thinking but also of the much disputed character of histories of political philosophy. Since rethinking history of political thought in Oakeshottian terms requires resisting current pressures to turn history into the servant of currently felt needs, the book offers a sustained defence of the cultural value of modernist historical enquiry against its opponents. An important work for political theorists, historians of political thought and those researching intellectual history, the philosophy of history and proposed new directions in contemporary historical studies

The Shashwat Saga Arvind Sharma, 2018-02-21 Most of the time people find it difficult to abandon their houses, relatives, fields and granaries without grave risk of loss. Unseen or unpredictable forces do not give a person much choice. He had always felt a sense of belonging to his village no matter where he lived. Coming back home from an alien place he should have felt a sense of elation but times had changed and so had the circumstances. An empty home filled with loneliness waited for him. Only events from the past and shattered dreams accompanied him on this journey.

Fraser's Magazine for Town and Country James Anthony Froude, John Tulloch, 1882 The Past Is a Foreign Country Gianrico Carofiglio, 2010-07-14 An international bestseller and winner of Italy's prestigious Premio Bancarella prize, an intense psychological thriller in the vein of *The Talented Mr. Ripley*. As world-weary Lieutenant Chiti spends sleepless nights hunting for the serial rapist terrorizing his city, trainee lawyer Giorgio is befriended by dangerously charismatic Francesco. Slowly the innocent Giorgio is lured into a corrupt world of beautiful women and casual violence. Then one terrifying night Giorgio is forced to realize just how far he has left his past behind. Set largely in the southern Italian city of Bari, this stylish psychological thriller from Carofiglio *A Walk in the Dark* fuses Jack Kerouac's *On the Road* with hard-edged crime fiction.

la Henning Mankell's Inspector Wallander saga. Publishers Weekly **Reports from Committees** Great Britain. Parliament. House of Commons, 1879 **The Past as Liberation from History** Scott P. Culclasure, 1999 The Past as Liberation from History explores the difference between the social construction we call history and the lived experience we call the past, arguing that by failing to distinguish between the two we risk unquestionably accepting as authoritative accounts of the past in which we have no voice. It shows that identities rooted in the richness and variety of the past, even when the history is painful, serve the purpose of drawing us closer to one another as we seek to realize our shared dreams of life, liberty and the pursuit of happiness. By placing in counterpoint broader educational concerns with the teaching experiences of the author, the study also explores this individual's testimony as a teacher seeking to make relevant for his students the examination of the past.
