**British Museum**

## **The Lieder Of Schumann:**

**The Songs of Robert Schumann** Eric Sams,1993 For each of Robert Schumann's 246 songs for voice and piano the author gives the date a prose translation and notes on its particularly interesting features He provides biographical details for each period of the Schumann's lives from their first meeting to Robert's death and identifies more than 70 musical expressions in Schumann's music that convey verbal concepts including several themes that express musical homage to Clara For students teachers and performers the author provides a unique picture of Robert Schumann and great insight into his music

**The Lieder of Schumann** Stephen Walsh,1971 Robert Schumann is one of the supreme composers of Lieder As Stephen Walsh points out perhaps no composer has had such an ability to sense the underlying qualities of a poem and reproduce them in music The Lieder of Robert Schumann traces the development of all the great Schumann songs with particular emphasis on the composer's unique contribution to the German Lied The opening chapter discusses Schumann's literary inclinations his early attempts to compose for the voice and the circumstances that turned him to song writing after a decade of composing almost solely for the piano The major portion of the book centers on Schumann's burst of creative energy in 1840 when he composed at least 126 songs After a detailed discussion of Myrten the collection of songs based on poems by Goethe Burns Heine and Moore and the Heine Liederkreis both representative of Schumann's first phase of song writing the Eichendorff Liederkreis the Dichterliebe the Chamisso cycle and other works composed up to 1840 are examined The book then turns to the Wilhelm Meister songs and the others of 1849-50 and Schumann's last songs from the Elisabeth Kulmann cycle to the Gedichte Knigin Maria Stuart To conclude Schumann's achievements as a song writer are evaluated in terms of his choice of poets use of form melodic and harmonic idiom and word treatments The author notes that although the quality of Schumann's songs is uneven there remains a substantial area of often inspired music which holds out real rewards to the singer and listener Dust jacket

**Poet's Love** Gerald Moore,1981 Interpretaties van de liederen van de Duitse componist 1810-1856 met vele muziekvoorbeelden

**Robert Schumann** Jon W. Finson,2007 Arguably no other 19th century German composer was as literate or as finely attuned to setting verse as Robert Schumann Finson challenges assumptions about Schumann's Lieder engaging traditionally held interpretations Arranged in part thematically rather than by strict compositional chronology this book speaks to the heart of Schumann's music

*Schumann's Eichendorff Liederkreis and the Genre of the Romantic Cycle* David Ferris,2000-11-30 This new study draws on analysis literary criticism and source studies to propose a new conception of the nineteenth century romantic cycle Rather than a unified whole the cycle is seen as a fragmentary and open ended form which enables Schumann to express the romantic themes of transcendence and ineffability in musical terms

**Fifty Songs by Robert Schumann** Robert Schumann,2018-06-22 From the introductory In many songs Schumann uses the piano to provide beautiful and expressive preludes and postludes In some songs the eloquence of the piano in the postlude is so great as to make this the most important part of the lyric For an

example of this let the reader examine the exquisite instrumental coda to Die alten b sen Lieder The Songs of Bitter Sorrow p 131 This is indeed the coda of the entire cycle and it is the most fragrant blossoming of this branch of Schumann s art But Schumann also knew when to subordinate the piano so much as to make it a mere background Note the wonderful effect of the soft chords in Ich hab im Traum geweinet In Dreams my Tears were falling p 125 In short as Dr Spitta has admirably said in his fine article in Grove s Dictionary of Music in Schumann s songs the proper function of the pianoforte is to reveal some deep and secret meaning which it is beyond the power of words even of sung words to express That Schumann found the true mission of the song may readily be learned by an examination of the texts which he chose for setting He never failed to select words embodying the true lyric spirit the voicing of nature and love The field of human emotion and thought as viewed through the eyes of youth was the theatre of his fancy and he found abundant material for his inspiration in the splendid outpour of lyric poetry from the young romanticists of Germany Eichendorffs contemplations of nature touched his mind no less than Heine s marvellous analyses of feeling and when he came to the setting of Chamisso s persuasive verses in the cycle entitled Frauenliebe und Leben opus 42 he unquestionably opened up a wealth of emotion not altogether disclosed by the poet When it was necessary to be humorous Schumann had a fund of humor quite irresistible Note the genuine humor of Ein J ngling liebt ein M dchen A Youth oft Loves a Maiden p 123 and the bewitching archness of Auftr ge p 150 Such things are the conceptions of a true master laboring in a most congenial field and all contentions that Schumann was merely a follower of Schubert must fail in the presence of such convincing demonstrations of power and originality Schumann was always a romanticist and he was unceasingly introspective He looked into his own heart and wrote and this is the great secret of the universal appeal of his songs

*The Songs of Clara Schumann* Stephen Rodgers,2023-04-06 Focusing on Clara Schumann s central contributions to the genre of the Lied or German art song this is the first book length critical study of her songs Although relatively few in number they were published and reviewed favorably in the press during her lifetime and they continue to be programmed regularly in recitals by professional and amateur performers alike Highlighting the powerful and distinctive features of the songs the book treats them as a prism casting light not just on them but also through them to explore questions that foster a deeper understanding of the work of female composers The author argues for the importance of taking Clara Schumann s music on its own terms the intimate relationship between text and musical form and the vital role of musical analysis in recuperating the contributions of previously understudied composers **Singing Schumann** Richard Miller,2005-04-28 Offering practical suggestions for the interpretation of all Schumann s solo and duet songs this text provides for singers and pianists perspectives which can be used to bring to life the work of the German composer

Schumann's complete song texts Robert Schumann,2002 Topical Index to the Lieder of Robert Schumann Nathan Wight,2003 Narrative and Robert Schumann's Songs Andrew H. Weaver,2024 An innovative approach to analyzing and interpreting nineteenth century German song offering new perspectives on Robert Schumann s Lieder and song cycles

Robert Schumann's Lieder are among the richest and most complex songs in the repertoire and have long raised questions and stimulated discussion among scholars performers and listeners Among the wide range of methodologies that have been used to understand and interpret his songs one that has been conspicuously absent is an approach based on narratology the theory and study of narrative texts Proceeding from the premise that the performance of a Lied is a narrative act in which the singer and pianist together function as a narrator Andrew Weaver's groundbreaking study proposes a comprehensive theory of narratology for the German Romantic Lied and song cycle using Schumann's complete song oeuvre as the test case The theory grounded in the work of narratologist Mieke Bal but also drawing upon recent work in literary theory and musicology illuminates how music can open up new meanings for the poem as well as how a narratological analysis of the poem can help us understand the music Weaver's book offers new insights into Schumann's Lieder and the poetry he set while simultaneously proposing a methodology applicable to the analysis and interpretation of a wide range of works including not only the rich treasury of German Lieder but also potentially any genre of accompanied song in any language from the Middle Ages to the present day

**The Themes of the German Lied from Mozart to Strauss** Peter Russell, 2002 Systematically maps and classifies the major German lieder according to the themes of their text The author traces the extent to which each theme has evolved from German folk song or derives from elsewhere

**German Song Onstage** Natasha Loges, Laura Tunbridge, 2020-05-05 A singer in an evening dress a grand piano A modest sized audience mostly well dressed and silver haired equipped with translation booklets A program consisting entirely of songs by one or two composers This is the way of the Lieder recital these days While it might seem that this style of performance is a long standing tradition German Song Onstage demonstrates that it is not For much of the 19th century the songs of Beethoven Schubert Schumann and Brahms were heard in the home salon and no less significantly on the concert platform alongside orchestral and choral works A dedicated program was rare a dedicated audience even more so The Lied was a genre with both more private and more public associations than is commonly recalled The contributors to this volume explore a broad range of venues singers and audiences in distinct places and time periods including the United States the United Kingdom Russia and Germany from the mid 19th century through the early 20th century These historical case studies are set alongside reflections from a selection of today's leading musicians offering insights on current Lied practices that will inform future generations of performers scholars and connoisseurs Together these case studies unsettle narrow and elitist assumptions about what it meant and still means to present German song onstage by providing a transnational picture of historical Lieder performance and opening up discussions about the relationship between history and performance today

*Schumann's Eichendorff Liederkreis and the Genre of the Romantic Cycle* David Ferris, 2000 This new study draws on analysis literary criticism and source studies to propose a new conception of the nineteenth century romantic cycle Rather than a unified whole the cycle is seen as a fragmentary and open ended form which enables Schumann to express the romantic themes of transcendence and ineffability

in musical terms      *Catalogue of Music* British Museum,1894      *The Songs of Robert Schumann, with German and English Words* Robert SCHUMANN,1880\*      **The Nineteenth-Century German Lied** Lorraine Gorrell,2005-11-01 The development of the piano together with changes in culture and society led to the transformation of song into a major musical genre This study of the great lieder of 19th century composers Schubert Schumann Brahms and Hugo Wolf also includes lesser known composers such as Louis Spohr and Robert Franz plus significant contributions from women composers and performers      Catalogue of (printed) music. Music. Accessions, pt.[1]-94 British museum dept. of pr. books,1884      A Biographical Dictionary of Musicians Theodore Baker,1900      *Musical Magazine and Musical Courier* ,1900

## **The Lieder Of Schumann Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Lieder Of Schumann PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Lieder Of Schumann PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries,

ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Lieder Of Schumann free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### FAQs About The Lieder Of Schumann Books

1. Where can I buy The Lieder Of Schumann books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
