The Biography of Field Marshal Erwin Rommel Ward Rutherford, 1981 **Knight's Cross** David Fraser, 2008-07

Erwin Rommel was the outstanding Axis field commander of the Second World War respected even admired by his opponents. Here it seemed to the Allies was a supremely professional soldier chivalrous decent largely untainted by the crimes of the Nazi regime carrying out his duty with often dazzling success. David Fraser's definitive study brings to Rommel's career not only the insights of an acclaimed biographer but also those of a distinguished soldier. He shows how inspiringly spontaneous and superficially haphazard Rommel's style of leadership could be how his hallmarks of boldness of manoeuvre, ferocity in attack and tenacity in pursuit which characterised his great campaign in North Africa were evident from his earliest battles in the First World War. *Knight's Cross* is first and foremost the biography of a soldier but Rommel reached a position in which he almost inevitably became embroiled in politics including his alleged involvement in the plot to kill Hitler which condemned him in the eyes of the Führer he had served so loyally. Rommel is not to David Fraser a flawless hero his failing as well as his genius are recorded here. But he had that instinct for battle and leadership which set him apart from contemporaries and places him among the truly great commanders of history.

Field Marshal Daniel Allen Butler, 2015-07-19

A biography of the WWII military genius known as the Desert Fox and his complex ultimately fatal relationship with Hitler from a New York Times bestselling author. Born leader, brilliant soldier, devoted husband and father, Erwin Rommel was intelligent, brave and compassionate while at the same time vain, egotistical and arrogant. In France in 1940 then for two years in North Africa then at Normandy in 1944 he proved himself a master of armored warfare running rings around a succession of Allied generals who never got his measure and could only resort to overwhelming numbers to defeat him. Yet for all his genius Rommel was also naive a man who could admire Adolf Hitler at the same time that he despised the Nazis, dazzled by a Führer whose successes blinded him to the true nature of the Third Reich. Above all he was the quintessential German patriot who ultimately would refuse to abandon his moral compass so that on one pivotal day in June 1944 he came to understand that he had mistakenly served an evil man and evil cause. He would still fight for Germany even as he abandoned his oath of allegiance to the Führer when he came to realize that Hitler had morphed into nothing more than an agent of death and destruction. In the end Erwin Rommel was forced to die by his own hand not because as some would claim he had dabbled in a tyrannical conspiracy but because he had committed a far greater crime he dared to tell Adolf Hitler the truth. In *Field Marshal* New York Times bestselling historian Daniel Allen Butler describes the swirling innovative campaigns in which Rommel won his military reputation and assesses the temper of the man who finally fought only for his country and no dark depths beyond.
