## **The Blessed Eucharist Our Greatest Treasure:**

*The Blessed Eucharist* Rev. Fr. Michael Mueller, 1994-07 In The Blessed Eucharist Father Michael Mueller describes how Christ's love for us moved Him to create this most beautiful Sacrament He explains why Our Lord veils Himself in the appearance of bread a garment so humble He is little known little loved even neglected and insulted Fr Mueller helps the reader discover what a treasure the Sacrament is sharing countless compelling accounts of miracles involving the Eucharist quotations from Scripture and the Saints reflecting the virtues that can be obtained from Communion worthily received and the consequences of an unworthy reception of Our Lord He instructs the reader on how to best prepare for receiving the Sacrament and how to properly offer thanksgiving afterwards The Blessed Eucharist awakens a deeper awareness of the incredible gift that God has given us in His Presence in the Eucharist allowing us to embrace all the wondrous fruits this Sacrament has to offer

MULLER, 2018      **The Blessed Eucharist Our Greatest Treasure** Michael Mller, 2016-04-20 My Dear Reader and Brother in Jesus Christ Since the spirit of devotion that has urged me to write this book animates you to read it and makes us the happy children of the same loving Father should you ever hear any person say I might have spared myself the labor there being already so many learned and celebrated works which treat of this subject I beg you to answer that Our Lord Jesus Christ in the Adorable Sacrament is such an abundant fountain that the more it flows the fuller it becomes and the fuller it is the more it flows which signifies that the most Holy Eucharist is so great and so sublime a mystery that the more we say of it the more remains to be said If St Alphonsus could say with all truth of the Passion of Our Lord that eternity will not suffice to meditate adequately upon it we may affirm the same of Jesus Christ hidden in the Blessed Sacrament and with a thousand times more justice apply to our subject what St Augustine says in praise of the Blessed Virgin viz that all the tongues of men even if all their members were changed into tongues would not be sufficient to praise her as she deserves Worldly lovers are accustomed frequently to mention and praise those whom they love that others also may praise and applaud them how poor and weak should we then consider the love of those who call themselves lovers of the Blessed Sacrament and yet who seldom speak of it or think of endeavoring to inspire others with a love of it The true lovers of the most Blessed Sacrament do not act thus they speak of it praise it everywhere in public and in private whenever it is in their power they try to enkindle in the hearts of everyone those ardent flames of love which they themselves burn for their beloved Jesus The object of this little book is then to make Jesus in the Blessed Eucharist more generally known and better loved Our Divine Saviour is ready to bestow innumerable graces through this Sacrament which are lost in consequence of the ignorance and indifference of men When the most Holy Sacrament of the Altar is not revered and loved scandals will abound faith will languish and the Church will mourn On the other hand if this Sacrament be worthily frequented peace will reign in Christian hearts the devil will lose power and souls will be sanctified As many as received Him to them He gave power to be made the sons of God John 1 12 It

has seemed to me that a work explanatory of the prominent points of this mystery written in a simple and familiar style would greatly contribute to remove the obstacles to a right appreciation of this wonderful Sacrament of Divine love and with this conviction I have ventured to lay the following pages before the public trusting with the blessing of God they may prove useful to many souls Now should the Reverend Clergy deem this publication ever so little calculated to promote devotion to the Blessed Sacrament the compiler will believe himself amply rewarded for his labor if they encourage its circulation

to deride miracles as the good are to believe them adding that as it is a weakness to give credit to all things so on the other hand to reject miracles which come to us attested by grave and pious men either savors of infidelity which supposes them impossible to God or of presumption which refuses belief to such a class of authors We give credit to a Tacitus a Suetonius and can we deny it without presumption to Christian authors of learning and probity There is less risk in believing and receiving what is related with some probability by honest persons and not rejected by the learned and which serves for the edification of our neighbor than in rejecting it with a disdainful and presumptuous spirit Glories of Mary Hence Pope Benedict XIV De Canoni Sanct says Though an assent of Catholic faith be not due to them they deserve a human assent according to the rules of prudence by which they are probable and piously credible Now should the Reverend Clergy deem this publication ever so little calculated to promote devotion to the Blessed Sacrament the compiler will believe himself amply rewarded for his labor if they encourage its circulation Michael M ller C S S R St Alphonsus Baltimore Maryland December 8 1867    **BLESSED EUCHARIST OUR GREATEST** Michael Muller,2016-08-25 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
