The Blue Angel:

[The Blue Angel \(Der Blaue Engel\)](#) S.S. Prawer, 2019-07-25 This comprehensive study reconstructs the production history of The Blue Angel 1930 showing how director Josef von Sternberg's virtuoso visual style was amply supported by an immensely talented team of actors and technicians. It also analyzes the film's aesthetics and shows how the grave political situation in Germany reverberated in its seemingly airtight world. One of the most famous images in cinema is to be found in the film The Blue Angel 1930 Lola Lola Marlene Dietrich in revealing black suspenders sits on a beer barrel clasping an upraised knee with both hands while she leans slightly back. Though not Germany's first sound film it was at the time the most prestigious and expensive by far. Sternberg had been lured back from Hollywood and together with acting star Emil Jannings and producer Erich Pommer he set about making an adaptation of Heinrich Mann's novel Professor Unrat. The result is a subtly claustrophobic study of a man's downfall which is a milestone in European cinema.

[The Blue Angels](#) Maureen Smith Keillor, Evelyn L. Wheeler, 2017-01-30 Every year more than 11 million people attend air shows that feature the Blue Angels who call Pensacola Florida their home. The Navy's Flight Demonstration Team with its six gleaming blue and gold F/A-18 Hornets never fails to thrill the crowds. Flying from heights of over 15 000 feet and dropping as low as 50 feet the shows are nonstop high energy heart stopping excitement. The Blue Angels were established in 1946 by Adm Chester W. Nimitz to showcase the pride and professionalism of the United States Navy and Marine Corps by inspiring a culture of excellence and service to country through flight demonstrations and community outreach. The Blue Angels pilots and flight crew visit 50 000 people a year in schools hospitals and other community events in addition to performing for those who attend their air shows.
