

# The Blue Nature

**Amédée Guillemin**

## **The Blue Nature:**

*Hate the view* Andy Bliss ,2024-04-20 Hate the view is a poetry novel that brings the idea of always not being truly satisfied with the current view that is of great content Being content with the situation that someone is placed in really shows that lots of people can be content if they choose to be so There are others that would rather not be content with the situation that they are placed in Hate the view goes into a concept of being fully happy in the situation than actually never being happy not at all Always throwing negativity at all the beautiful parts of nature but never soaking in the true sense of being positive is something that some people are always constantly trying to battle against Hate the view is much more than the self explanatory title There are just always going to be people that just are never glad with the own view that each of them sees Is it okay to not be content with the view that is in front or is it better from the back Hate the view will go much deeper into a conversation that lots of people choose not to have Some would just rather stare at the view that each just hates so much

*Sensing the World* Moreland Perkins,1983-01-01      **Routledge Handbook of Seascapes** Gloria Pungetti,2022-07-31

Seascape studies have developed in response to questions arising from composite correlations such as coastal island and marine research social requirements landscape design and planning marine ecology and environment and resource management This global volume is the first comprehensive overview to provide a solid foundation on the concept of seascapes with the latest research findings from leading experts across a variety of fields offering a holistic approach to seascapes linking nature with culture and theory with practice Divided into six parts it includes over 30 chapters from contributors around the world Pioneering methods with illustrated case studies from the Mediterranean Scandinavia North Sea North America and Asia serve as examples for future seascapes development conservation and governance An important and extremely timely resource the Routledge Handbook of Seascapes provides academics practitioners NGOs consultants and government officials with a broad overview of current research and practice for future application and advance worldwide
