Soviet Penal Policy:

Soviet Penal Policy Ivo Lapenna, 1968 *Soviet Criminal Justice Under Stalin* Peter H. Solomon, 1996-10-28 *Soviet Criminal Justice under Stalin* first published in 1997 is a comprehensive account of Stalin's struggle to make criminal law in the USSR a reliable instrument of rule Using recently declassified archives Peter Solomon tells the revealing story of non political justice on the local scene as well as in the center Contrary to conventional wisdom Solomon emphasizes the initial weakness of the Soviet state and the limits of Stalin's capacity to rule Solomon's study also offers new perspectives on collectivization the Great Terror the politics of abortion and the disciplining of the labour force This book should appeal to anyone interested in the political social or legal history of the USSR judicial reform in post Soviet states law in authoritarian regimes or comparative legal development *Soviet Criminologists and Criminal Policy* Peter H. Solomon, 1978 *The Impact of Covid-19 on Prison Conditions and Penal Policy* Frieder Dünkler, Stefan Harrendorf, Dirk van Zyl Smit, 2022-04-19 The Impact of COVID 19 on Prison Conditions and Penal Policy presents the results of a worldwide exchange of information on the impact of COVID 19 in prisons It also focuses on the human rights questions that have been raised during the pandemic relating to the treatment of prisoners in institutions for both juveniles and adults worldwide The first part brings together the findings and conclusions of leading prison academics and practitioners presenting national reports with information on the prison system prison population rates how COVID 19 was and is managed in prisons and its impact on living conditions inside prisons and on reintegration programmes Forty four countries are covered many in Europe but also Argentina Brazil Chile Colombia Peru Costa Rica Canada the USA Kenya South Africa China India Japan Australia and New Zealand In the second part thematic chapters concentrate explicitly on the impact of the pandemic on the application of international human rights standards in prisons and on worldwide prison population rates The book concludes by drawing out the commonalities and diverging practices between jurisdictions discussing the impact of measures introduced and reflecting on what could be learnt from policies that emerged during the pandemic Particular attention is paid to whether reductionist strategies that emerged during the pandemic can be used to counteract mass incarceration and prison overcrowding in the future Although the book reflects the situation until mid 2021 after the second and during the third wave of the pandemic it is highly relevant to the current situation as the living conditions in prisons did not change significantly during the following waves which showed high infection rates in particular in the general population but increased vaccination rates too In prisons problems the pandemic raises have an even greater impact than for the general society Revealing many notable and interesting changes in prison life and in release programmes this book is essential reading for students and scholars of penology criminology law sociology and public health It will also appeal to criminal justice practitioners and policy makers **Documents on Soviet Criminal Procedure** ,1977 **The Department of State Bulletin** ,1953 **Problems of Communism** ,1970 *Joseph Stalin* David R. Egan, Melinda A. Egan, 2007-07-25 With the

opening of Russian and communist bloc archives dating from the Soviet era there has been a significant increase of scholarly writings pertaining to Joseph Stalin. Widely considered to be among the most influential historical figures of the twentieth century, Stalin continues to be a source of intense study. In the absence of a comprehensive compilation of periodical literature, the need for *Joseph Stalin: An Annotated Bibliography of English Language Periodical Literature to 2005* is conspicuous. Ranging from editorials and news reports to academic articles, the more than 1,700 sources cited collectively cover the full range of his life, the various aspects of his leadership, and virtually all facets of the system and practices traditionally associated with his name. The coverage in this bibliography extends beyond the person of Stalin to include the subjects of Stalinism, the Stalinist system, the Stalin phenomenon, and those policies and practices of the Communist Party and Soviet state associated with him. This volume also provides a record of scholarly opinion on Stalin and sheds light on the evolution and current state of Stalinology. An effort has been made to list only those articles in which Stalin figures prominently, but in some instances, articles have been included which do not center on Stalin but are worthy of listing for other reasons. The book is divided into fourteen main sections: General Studies and Overviews; Biographical Information and Psychological Assessments; The Revolutionary Movement; October Revolution and Civil War; Rise to Power; Politics; Economics; Society and Social Policy; Nationalism and Nationality Policy; Culture; Religion; Philosophy and Theory; Foreign Relations and International Communism; Military Affairs; and De-Stalinization. Including a subject index of several hundred headings and even greater number of subheadings, this comprehensive annotated bibliography should be of benefit to those individuals who, for the purpose of research or classroom.

The Stalinist Penal System J. Otto Pohl, 1997. Part one of this study that is based on recently available Soviet archival material examines the incarceration of Russians and the development of the Gulags. Part 2 deals with the mass exile of Soviet citizens to the areas of forced settlement.

International Review of Criminal Policy, 1974 **Soviet Policy Towards Jews and Israel, 1917-1974** Lester Samuel Eckman, 1974 Soviet Law and Government, 1982 *Soviet Law* William Elliott Butler, 1988 *Russian and Post-Soviet Organized Crime* Mark Galeotti, 2002. Diverse perspectives including comparative structural and ethnic frameworks ensure a balanced treatment of a pervasive element of modern Russia.

Surviving Russian Prisons Laura Piacentini, 2012-12-06. What do Russian prisons look like? Who is sent to prison in Russia? How is punishment allocated and administered? This pioneering book aims to answer these and other questions by embarking on a journey that begins by exploring how the prisons have survived the collapse of the USSR and ends with a discussion of global penal politics. It is the first book to have been written in English on penal practices in the contemporary Russian prison system. *Surviving Russian Prisons* focuses in particular on the reality of work and labour within Russian prisons, exploring its changing function. From being for much of the twentieth century a major activity as well as an ideological justification for prison regimes, its main function now has been to enable prisoners to survive through participating in a barter economy. In exploring the microworlds of the Russian prison, this book at the same time

presents new evidence and offers fresh insight into how prisons are governed in societies undergoing turbulent social and political transformation it explores how current practices in relation to prisoners work comply with international regulations designed to promote humane containment and positive custody and debates the nature of knowledge on penal discourse in transitional states **The Independent** ,1900 **A History of Soviet Russia: Socialism in one country, 1924-1926** Edward Hallett Carr,1950 **Secrets of the Prison-house: pt. I. Introduction. pt. II. The last days of transportation. pt. III. Secondary punishment at home and abroad** Arthur Griffiths,1894 **Secrets of the Prison-house** Arthur Griffiths,1894 **Bibliography Bulletin** New York State Library,1899
