The Blackfoot Trues:

The True Spirit and Original Intent of Treaty 7 Treaty 7 Elders, 2007-11-09 The True Spirit and Original Intent of Treaty 7 is based on the testimony of over 80 elders from the five First Nations involved in Treaty 7 the Bloods Peigans Siksika Stoney and Tsuu Tina Their recollections highlight the grave misconceptions and misrepresentations between the two sides due in part to inadequate interpretation and or deliberate attempts to mislead The elders consistently report that the treaty as they understood it was a peace treaty not a surrender of land and that they had agreed to share the land with the white newcomers in exchange for resources to establish new economies education medical assistance and annuity payments The book provides both a historical overview of Treaty 7 and an analysis of the literature on treaties generally and Treaty 7 specifically It makes clear that different agendas different languages and different world views affected each side s interpretation of events This review of the events and interpretations surrounding Treaty 7 takes place at a time when aboriginal and indigenous peoples all over the world are re evaluating their relationships with imperial powers It was undertaken in good faith in hopes that it will begin a dialogue that can alter the dominant discourse of Euro Canadian society which has been so damaging to aboriginal people True Tales of the Prairies and Plains David Dary, 2007 This is a collection of stories set on the prairies and plains of middle America that stretch from Rio Grande northward into Canada
