Survival Bogdan Ivanov,2016-02-10 Bonus Audio Course Inside How To Survive Natural Disasters **WARNING** This is a hands on practical survival guide that will teach you everything you need to know to survive anything anywhere The truth is that survival is not always as easy as relying on ready made shelter and store bought food In fact anyone who watches the news or otherwise pays attention to what is going on in the world can quickly come to the conclusion that sometimes survival requires specific skills You may face having to know how to stay alive in the wild with nothing other than the clothes on your body This type of survival requires a bit of practice prepping and knowing how to provide shelter food and water Consider these circumstances where you may need to have specialized knowledge in order to remain alive Your car is driven off the road and help is not easily forthcoming Your plane crashes out in the middle of nowhere Extreme weather destroys your community and there is not enough shelter or food to go around Any other type of emergency drives you out of your home and into the wild **About The Ultimate Survival Guide** The Ultimate Survival Guide walks you through how to survive anything anywhere in the world Not only is it deeply comprehensive in regard to teaching how to survive in any type of terrain or weather conditions it goes much further than that Surpassing other survival guides which create fear based thinking and assume there are at least some tools available The Ultimate Survival Guide walks you through the importance of remaining calm and is written to assume that you have no tools available at your disposal It teaches how to create shelter and find food

and water with nothing other than what can be found in nature. Along with teaching how to find clean drinkable water even in the desert or around the ocean this survival guide teaches how to find a variety of foods from meat to vegetables and fruits. It will also teach surprising items that can be eaten in order to stay alive that many will not realize were edible. Additionally you will learn what absolutely should not be eaten due to the possibility of becoming deathly ill. You will also learn How to create critical tools needed for survival and how to find materials needed to use for building a variety of types of shelters. How to determine the best type of shelter to build for specific situations and types of weather. Essential skills such as how to treat injury and illness without bandages or other First Aid equipment. Important social dynamics skills needed to survive the social chaos that is prevalent in emergency situations. And more. The Ultimate Survival Guide is filled with facts that only the most experienced prepping experts and survivalists know. At the same time this survival guide makes each skill easy to understand and accomplish even for the most inexperienced beginner. Outdoor Survival Skills: How To Survive In Almost Any Outdoor Environment

Kingston Rivers, 2023-01-01. In today's world where most of our daily needs are met with the convenience of modern technology, it's easy to forget that we still need to be prepared for unexpected situations where those conveniences may not be available. Being able to survive in the wilderness in a disaster or emergency situation or even just during a power outage can be a lifesaving skill. In this guide, we will cover the basic survival skills needed to thrive in a variety of environments and situations. Whether you're an avid hiker, a survivalist, or just looking to be more prepared, this guide will provide you with the knowledge and skills needed to face unexpected challenges. From building a shelter to finding and purifying water to foraging for food, we will provide step by step instructions and tips to help you become more self sufficient and better prepared for any situation. **Outdoor Survival Skills: How To Survive In Almost Any Outdoor Environment** is a large and comprehensive guide to mastering the art of wilderness survival. Whether you are an experienced hiker or a complete beginner, this book provides you with the knowledge and skills necessary to survive in the wild. Crafted by an avid outdoor enthusiast, this book covers all aspects of outdoor survival. We start with an overview of the basic survival skills and then move to a comprehensive guide to creating fire, including the fire triangle, advanced fire starting techniques, and how to safely put out your fire when you are finished. We then delve into how to find a source of water and how to purify it to make it safer to drink. Staying warm and preventing hypothermia and what to do if someone gets too cold is the next chapter. Then we get into selecting the ideal location for making camp and how to make an A frame, Lean to or a Cocoon shelter. No survival guide would be complete without a section about navigation, we cover this in detail both with and without a compass. Next we look at Skills for Finding and Prepping Food, including identifying edible plants, hunting and trapping, and even fishing. Finally, we complete this huge 85 000 word guide with extra tips and tricks and a comprehensive FAQ based on actual questions people have asked. This book is a must read for anyone who enjoys spending time outdoors and wants to learn how to survive in almost any outdoor environment. So grab your backpack and get ready to learn how to become a master of outdoor survival.
