This volume deals principally with Western Europe and Byzantium which for many centuries learnt from the Muslims in these matters; several articles also focus on military interactions in the Crusader states. The work draws upon both written and archaeological sources but above all makes use of the depictions of war and military equipment in contemporary art to examine the interconnections across the medieval world. **Black Belt**, 1996-09 The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world, including techniques and strategies.
