*The Anger Trap* Elizabeth S. Weiss,1984     *The Artistry of Anger* Linda M. Grasso,2003-04-03 In this compelling interdisciplinary study Linda Grasso demonstrates that using anger as a mode of analysis and the basis of an aesthetic transforms our understanding of American women s literary history Exploring how black and white nineteenth century women writers defined expressed and dramatized anger Grasso reconceptualizes antebellum women s writing and illuminates an unrecognized tradition of discontent in American literature She maintains that two equally powerful forces shaped this tradition women s anger at their exclusion from the democratic promise of America and the cultural prohibition against its public articulation Grasso challenges the common notion that nineteenth century women s writing is confined to domestic themes and shows instead how women channeled their anger into art that addresses complex political issues such as slavery nation building gender arrangements and race relations Cutting across racial and genre boundaries she considers works by Lydia Maria Child Maria W Stewart Fanny Fern and Harriet Wilson as superb examples of the artistry of angry expression Transforming their anger through literary imagination these writers bequeathed their vision of an alternative America both to their contemporaries and to subsequent generations     *The Anger Trap* Elizabeth Weiss,1984     *Just Anger* Gwynne Kennedy,2000 Although women s anger is often dismissed as irrational in both eras for instance in the early modern era women were thought to become angry more often and more easily than men due to their inherent physiological intellectual and moral inferiority     *American Rehabilitation* ,1983     *Documentation Sur la Recherche Féministe* ,1986     **The Behavior Analyst** ,1983     **Feminist Studies** ,1985     **Library Journal** ,1987     *The Cumulative Book Index* ,1984 A world list of books in the English language     *Bibliographic Guide to Psychology* New York Public Library. Edwards,1999 David C Edwards provides the best of contemporary findings and summarizes how past research contributes to current thought Within each topically organized chapter which all begin with a concise overview statement and end with a personal summary the author highlights material of special importance and concludes major sections with a summary Each chapter also ends with a set of questions that will help student readers     **Human Emotion** Richard A.
