The Therapeutic Use of Stories

Kedar Nath Dwivedi,2006-10-19 The potential for healing available in well known myths and stories is increasingly recognized but many practitioners are unsure how to tap into this rich and often culturally specific source of insight What sort of story is best for what sort of situation How can it be introduced naturally into the session What is the best way of using the story These are some of the questions contributors to this book set out to answer They explore the historical and cultural context of story telling and provide examples of specific stories for specific situations Covering emotional themes such as anger anxiety fear shame guilt separation and bereavement the authors show how they work through stories with many different kinds of client groups and individuals of all ages in educational health and social science settings The Therapeutic Use of Stories provides a sound theoretical framework for the use of stories examples of stories with a high therapeutic value and practical advice on how to use them to best effect

The Thomas the Tank Engine Man Brian Sibley,2015-07-17 The stories of Thomas the Tank Engine and his friends have delighted generations of children and adults but what do we know of the man who created them A devoted pastor and family man the Reverend W Awdry first started telling the stories in order to amuse his own children with no idea that the characters would lead to a global phenomenon that now seventy years after their first appearance shows no signs of waning In this fascinating and warm biography prolific author Brian Sibley brings to life one of the most eminent children s writers of the twentieth century tracing his story from his Edwardian childhood through his time at University and into World War 2 A convinced pacifist Awdry was thrown out of one curacy and denied another because of his beliefs Never afraid to fight for what he thought was right he argued with his publishers and his illustrators demanding the best for his favourite creations the trains and their friends
