Story Substance, Structure, Style, and the Principles of Screenwriting , *The Rules of Screenwriting and Why You Should Break Them* Bill Mesce, Jr., 2017-06-06 A couple of generations ago the movie industry ran on gut instinct film schools audience research departments and seminars on screenwriting were not yet de rigueur Today the standard is the analytical approach intended to demystify filmmaking and guarantee success or at least minimize failure The trouble with this method is that nobody knows how to do it they just think they do and films are made based on models of predictability rather than the merits of the script This insider's look at the craft and business of screenwriting explodes some of the popular myths demonstrating how little relevance the rules have to actual filmmaking With long experience in film and television the author provides insightful how not to analyses with commentary by such veterans as Josh Sapan CEO of AMC Networks bestselling author Adriana Trigiani and Oscar nominated screenwriter Nicholas Pileggi **Constructing Transgressive**

Sexuality in Screenwriting LJ Theo, 2017-10-09 This book approaches the construction of complex and transgressive pervert characters in mainstream not art adult oriented not pornographic cinema It deconstructs an episteme on which to base the construction of characters in screenplays in a way that acknowledges how semiotic elements of characterisation intersect In addition it provides an extended re phrasing of the notion of the pervert as Feiticiero a a newly coined construct that might serve as an underpinning for complex sexual filmic characters that are both entertaining and challenging to audiences This re phrasing speaks to both an existential phenomenological conception of personhood and to the scholarly tradition of the linguistic turn of continental philosophers such as Foucault and Lacan who represent language not primarily as describing the world but as constructing it The result is an original and interdisciplinary volume that is brought to coherence through a queer post humanist lens The Screenwriter's Sourcebook Michael Haddad, 2005-02-01 Written for both new and experienced writers this comprehensive marketing guide offers advice and tips needed by writers to succeed in
