

The book cover features a highly ornate, symmetrical decorative border in a dark blue or purple ink. The border is composed of intricate scrollwork, floral motifs, and leaf-like patterns that frame the central text area. At the top and bottom, there are larger, more complex medallion-like designs. The central text is set within a rectangular frame defined by the border.

Approaching the Bible as Literature Thomas E.

Schmidt, 2016-04-28 What do you think the Bible says How does the way the Bible is written affect its meaning Here is a concise introduction that invites you to interact with the primary text Interspersed with brief explanations of biblical background and writing techniques are thought provoking questions about specific readings with space provided for response This user engaging approach is enhanced by its sensitivity to readers across the spectrum of belief from atheist to devout believer So whether you come to the subject to satisfy historical interest or to appreciate the artistry of Scripture

Approaching the Bible as Literature will deepen your understanding

Relationality and the Concept of God Henry

Jansen, 2025-02-10 Classical theism the dominant tradition in Christian theology has stressed the metaphysical concept of God i e God s ontological transcendence and independence from the world In this century however this concept of God has increasingly met with criticism On the basis of the Bible and new philosophical considerations it is argued that a relational concept of God better answers the fundamental concerns of the Christian faith In this book the author investigates the questions of whether one can conceive of God apart from the metaphysical attributes and whether reflection on the biblical depiction of God leads necessarily to a relational concept of God The author explores the questions by examining the relational concepts of God found in two contemporary German theologians J rgen Moltmann and Wolfhart Pannenberg and uses the divine attribute of immutability as a focus for the discussion He argues that the relational concept of God presupposes another metaphysical conception of God which raises problems as serious as those in classical theism and that the Bible itself because of its nature as a narrative text is ambiguous in many respects as far as God is concerned A truly Christian doctrine of God must take both the metaphysical and relational aspects of God into account

Narrative

Criticism of the New Testament James L. Resseguie, 2022-10-25 Narrative criticism is a relatively recent development that applies literary methods to the study of Scripture James Resseguie suggests that this approach to reading the Bible treats the text as a self contained unit and avoids complications raised by other critical methods of interpretation Resseguie begins with an introductory chapter that surveys the methods of narrative criticism and how they can be used to discover important nuances of meaning through what he describes as a close reading of the text He then devotes chapters to the principal rhetorical devices setting point of view character rhetoric plot and reader Readers will find here an accessible introduction to the subject of narrative criticism and a richly rewarding approach to reading the Bible

Story, Text, and Scripture

Wesley A. Kort, 1988 The author examines the case for revising the conception of biblical scripture in light of the new advances in narrative theory and the theory of textuality The author s argument is fashioned with tact and understanding and displays his firm command of a broad literature of critical theory and biblical research The book summarizes and extends what has come to be called the literary study of the Bible This book is basically a study of four dominant literary methods

which have been applied to biblical narratives by their practitioners Each method is demonstrated through an analysis of a particular biblical narrative This is the only study that treats the variety of recent literary analyses of biblical narrative and it accounts for the variety by relating the various approaches to the elements of narrative arguing that each approach is predetermined to favor one of the elements above the others It argues that each literary approach when applied to the narrative element most appropriate to it reveals the vulnerability of the narrative form to religious meaning

Handbook for Biblical Interpretation W. Randolph Tate, 2012-11-01 This handbook provides a comprehensive guide to methods terms and concepts used by biblical interpreters It offers students and non specialists an accessible resource for understanding the complex vocabulary that accompanies serious biblical studies Articles arranged alphabetically explain terminology associated with reading the Bible as literature clarify the various methods Bible scholars use to study biblical texts and illuminate how different interpretive approaches can contribute to our understanding Article references and topical bibliographies point readers to resources for further study This handbook now updated and revised to be even more useful for students was previously published as *Interpreting the Bible A Handbook of Terms and Methods* It is a suitable complement to any standard hermeneutics textbook

The Sin of Moses and the Staff of God Johnson Lim Teng Kok, 2018-07-17 According to the opinion communis of the exegetes the sin of Moses is one of the most difficult conundrums to resolve in the history of interpretation This Pentateuchal puzzle has not only perplexed ancient and modern exegetes but has also produced a multiplicity of answers A plethora of explanations proposed by exegetes on the sin of Moses appears to be strong on conjectural ingenuity but weak on textual evidence A fresh exegetical probe is therefore warranted using a hermeneutical strategy whereby a narrative approach is attempted in order to understand Num 20 1 13 in the light of Exodus 17 1 7 These narrative analogies are part of a distinctive feature in the Hebrew narrative style labelled Type scene The main thrust of this book is that the sin of Moses recorded in Numbers 20 1 13 is linked to the unlawful and wilful act of trifling with the sacred staff in striking the rock This is because the staff of Moses has already become the staff of God Exod 4 20 17 9 Moses abuse and misuse of the staff constitutes an act of lese majeste because it is seen as an act of rebellion against YHWH's authority Inevitably Moses eclipses YHWH's personality presence and power in the eyes of the people His condign punishment is the forfeiture of the privilege of leading the people into the Promised Land

Bound to Differ Wesley A. Kort, 2010-11-01

Narrative in the Hebrew Bible David M. Gunn, Danna Nolan Fewell, 1993 After almost two centuries of historical criticism biblical scholarship has recently taken major shifts in direction most notably towards literary study of the Bible Much germinal criticism has taken as its primary focus narrative texts of the Hebrew Bible the Old Testament This book belongs in this movement and provides a lucid guide to its interpretative possibilities It tries to be both theoretical and practical combining discussion of method and the business of reading in general with numerous illustrations through readings of particular texts The opening chapter indicates how literary criticism is related to other dominant ways of reading the text over the last two thousand years

using as an example the story of Cain and Abel In subsequent methodological chapters the authors discuss characters not excluding the narrator and God plot modifying recent theory to accommodate the peculiar complexity of biblical narratives and the play of language through repetition ambiguity multivalence metaphor and intertextuality The concluding chapter on readers and responsibility explores the ideological dimension of narrative interpretation with particular attention to Genesis 13 a story which has generated much discussion about gender and social hierarchy Does this text define or challenge the statusquo of either the ancient or the modern world The authors lay out some of the debate and question what values are at work when we and others read and champion readings Other extended readings include the stories of Abraham and Sarah and of Tamar and Judah in Genesis the book of Jonah and the account of Nebuchadnezzar and the three Jews thrown into the fiery furnace from the book of Daniel An extensive bibliography completes the book arranged by subject and biblical text

Journal of Biblical Literature ,1989 **Critical Review of Books in Religion** ,1991 Literary-critical Approaches to the Bible Mark Minor,1992 *A Strategy for Reading Biblical Texts* Johnson T. K. Lim,2002 A Strategy of Reading Biblical Texts provides a fresh impetus to the ongoing debate of hermeneutics and methods in biblical scholarship by examining three core hermeneutical strategies These are author oriented text oriented and reader oriented approaches It also critiques the contributions and limitations of each strategy and argues for a hermeneutical strategy that takes into account the micro and macro biblical corpora Readers are challenged to apply basic hermeneutical protocols when reading biblical texts A theological reading of the biblical texts is crucial and vital because the Bible is a theological document This book also addresses some of the pivotal but nagging questions of meaning authority and the reader's context Quarterly Book Review ,1897 Elenchus of Biblica (1991) Robert North,1994 *Choice* ,1998 **The Journal of Narrative Technique** ,1988 *Theology and Dialogue* Bruce Marshall,1990 The contributors to this volume propose constructive directions for Christian theology on the eve of the 21st century Focusing on the imperative for dialogue that is deeply felt in contemporary theology these original essays chart new ground in the constructive dialogue of theology with the whole Christian community with its environing cultures and with other religious traditions The book's topical focus is suggested by the work of George A Lindbeck to whom it is dedicated Lindbeck has contributed substantially to Christian theological dialogue in all three areas and the essays engage in different ways the themes and issues raised by his proposals Christianity & Literature ,1993 *International Journal of Religious Education* ,1939
