Story Without An End:

Story without End Marcus Tempus, 2013-08 Marcus recently left a senior executive position and is adjusting to his new life as what a friend has labeled him a Renaissance man During this period of adjustment from profit and process driven almost manic activity to a more leisurely pace he is researching many interests to keep his brain active in order to maintain his sanity Among other things he is traveling extensively with his camera finding and enjoying many different experiences He is based in downtown Chicago and from there stays busy by working for some local charities and remains in touch with the world of business through the almost compulsory consultancy work expected from retired executives This aspect of his life is as near as he ever is likely to get to the state of normal His friends keep reminding him about the need to become grounded a condition he never wants to be in full time He finds travel and writing pleasurable ways to pass the time but do they feed the inner man As a financially independent and self labeled man of the world he thinks not He has therefore set out on a quest to see if true love exists and if there is a soul mate out there just for him He has been close to true love a few times but so far he has not experienced the really deep emotional connection with another person that he believes exists He has yet to see it or find it which is why he has set out on a mission to see if he can find real deep true love to record his adventures and emotions he decided to write three books to help him find what he is looking for the first book 21 Days to Love has been published It explains the beginning of his mission which started with an intense and powerful love affair with Tina That relationship ended and shortly afterward he met Anastasia They went on a twenty one day journey and fell in love with each other a little or maybe a lot This second book details his confusion at deciding who he is and where he is going as reflected in the title Story Without End the third book will be written in 2014 to document the outcome of this journey and if he did indeed find the love he is seeking the travel aspects of the first two books are largely actual and factual 21 Days to Love includes visits to Paris Ireland London Marrakech New Orleans Santorini and Malaysia Story Without End contains travel to Madeira the Canary Islands Spain Key West Grand Cayman New Orleans Wales Rome Rio de Janeiro and the Brazilian Amazon Some of the characters in the books are real but most are not They have been created in the imagination of Marcus Along with the love relationships and passionate encounters they are part of his delusional quest for a soul mate

Stories Without End

Judith Binney, 2010 Judith Binney's work spans nearly forty years of historical endeavour that began with the award winning biography of the missionary Thomas Kendall *The Legacy of Guilt* 1968 Her magisterial publication of 2009 *Encircled Lands* is the culmination of many years work on the history of the Urewera a great scholarly enterprise that began with a visit to Maungapohatu in the late 1970s The questions that presented themselves in that place about that history led to what Judith Binney has called the unanticipated trilogy *Mihaia* the biography of Rua Kenana Nga Morehu oral histories of women connected to the Ringatu church and prize winning biography of Te Kooti *Redemption Songs* Around this central core of remarkable books stands a ring of essays exploring sidepaths offering other stories presenting glimpses tangential to her

historical narratives The people of these stories without end are those we meet in the books Rua and Te Kooti their wives and their descendants the leaders of the Urewera the schoolteachers from Maungapohatu those early missionaries the government men Oral history brings its particular resonance to some essays a discourse on symbols and maps lends insight to another taking this very specific history located in the Urewera to readers outside New Zealand gives a new slant The stories in this collection are just that narratives that flow one into another filling out histories bringing people out of the shadows bringing scholarship to life They are stories without end from a writer who is also one of New Zealand's greatest scholars
