## Strabo Geography Volume 8s 17 General Index Loeb Classical Library:

[The Last Dynasty](#) Toby Wilkinson,2024-10-24 A definitive and thrilling new account of the last great dynasty of ancient Egypt from Alexander the Great to Cleopatra

[Transformations of Romanness](#) Walter Pohl,Clemens Gantner,Cinzia Grifoni,Marianne Pollheimer-Mohaupt,2018-07-09 Roman identity is one of the most interesting cases of social identity because in the course of time it could mean so many different things for instance Greek speaking subjects of the Byzantine empire inhabitants of the city of Rome autonomous civic or regional groups Latin speakers under barbarian rule in the West or increasingly representatives of the Church of Rome Eventually the Christian dimension of Roman identity gained ground The shifting concepts of Romanness represent a methodological challenge for studies of ethnicity because depending on its uses Roman identity may be regarded as ethnic in a broad sense but under most criteria it is not Romanness is indeed a test case how an established and prestigious social identity can acquire many different shades of meaning which we would class as civic political imperial ethnic cultural legal religious regional or as status groups This book offers comprehensive overviews of the meaning of Romanness in most former Roman provinces complemented by a number of comparative and thematic studies A similarly wide ranging overview has not been available so far

[Polybius and His Legacy](#) Nikos Miltsios,Melina Tamiolaki,2018-03-19 Although scholars continue to address old questions about Polybius it is clear that they are also turning their attention to aspects of his history that have been inadequately dealt with in the past or have even gone largely unnoticed Polybius history is increasingly treated not just as a source of valuable information on the impressive expansion of Roman rule in the Mediterranean world but also as a complex and nuanced narrative with its own interests and purposes Moreover since apart from Livy s use of Polybius which has been thoroughly discussed most studies of Polybius reception focus on the modern world especially in relation to the theory of mixed constitutions finding out more about Polybius impact on ancient Greek and Roman authors remains a major desideratum This volume brings together contributions which in either posing new questions or reformulating old ones attest both to the ardent scholarly interest currently directed toward Polybius and to the variety of hermeneutical issues raised by his work Subjects discussed include Polybius historical ideas his methods of composition his views on the role of the historian his representation of cultural difference his intertextual affinities and his reception and influence Taken together the papers in this collection attempt to promote a deeper understanding of the qualities and peculiarities of Polybius history as well as to offer fresh insights into the interpretation of this important work

[The Archaeology of Imperial Landscapes](#) Bleda S. Düring,Tesse D. Stek,2018-03-29 This book examines the poorly understood transformations in rural landscapes and societies that formed the backbone of ancient empires

[Slave Revolts in Antiquity](#) Theresa Urbainczyk,2016-06-16 Although much has been written on Greek and Roman slavery slave resistance has typically been dismissed as historically insignificant and those revolts that are documented are portrayed as wholly exceptional and resulting from peculiar historical circumstances that had little to do

with the intrinsic views or organizational capabilities of the slaves themselves In this book Theresa Urbainczyk challenges the current orthodoxy and argues that there were many more slave revolts than is usually assumed and they were far from insignificant historically She carefully dissects ancient and modern interpretations to show that there was every reason for the writers who recorded and re recorded the slave rebellions and wars to repress or to reconfigure any larger scale slave resistance as something other than what it was Further she shows that we often have the accounts that we do because of the happenstance of certain ancient authors having been particularly interested in creating accounts of them for their own interests Urbainczyk argues that we need to look beyond the canonical sources and episodes to see a bigger history of long term resistance of slaves to their enslavement The Geography of Strabo, Vol 8:Book 17 and Index [Loeb Classical Library 267].
