Straight Through The Heart:

Straight from the Heart Sean D. Young, 2012-03-07 Pastry chef Lili Hart hasn't been satisfied with what she's accomplished with her siblings at Hearts and Flowers. She yearns for independent success so she seeks to take on clients of her own not tied to the family business. Excited about her first client, her celebration is short-lived when she sees dreamy-eyed Dominic Ballard again. Charming and talented singer-songwriter Dominic Ballard majored in music in college despite the discouragement of his mother. Eventually, he moved to California to pursue his dreams of superstardom. After the sudden death of his father, Dominic finds himself back in his hometown of Taylor, Indiana, assisting with the family's chain of restaurants. When he's offered an opportunity to collaborate on popular R & B singer's latest CD, he feels closer to realizing his dream. But his life is further complicated when he runs into the one who got away, feisty Lili Hart.

Obstetrics Maya Suresh, 2013-01-30 Now in a fully updated Fifth Edition Shnider and Levinson's *Anesthesia for Obstetrics* continues to provide the comprehensive coverage that has made it the leading reference in the field. The rising number of Cesarean births and the more advanced age of first-time mothers in the United States have brought with them an increased risk for complications, making the role of the obstetric anesthesiologist increasingly important. This comprehensive reference addresses maternal and fetal physiology, fetal assessment, anesthesia and analgesia in both vaginal and Cesarean delivery, neonatal well-being, management of fetal, maternal, and anesthetic complications, and management of coexisting disorders in the mother. The Fifth Edition includes a new editorial team, a new full-color format, and new sections on Assessment of the Fetus, Anesthesia for Cesarean Delivery, Neonatal Well-Being, Old and New Concepts, Ethical, Medical, and Social Challenges, and Issues, Maternal Safety, Difficult and Failed Intubation, Morbidity and Mortality, and Anesthetic Considerations for Reproductive In Utero and Non-Obstetric Procedures. *Maternal & Child Health Nursing* Adele Pillitteri, 2010 Growing research shows that many children from immigrant and refugee families are not doing well in school due in part to linguistic and cultural disadvantages. Teaching dual language learners requires cultural sensitivity, an understanding of language acquisition, and intentional teaching strategies. Combining research and techniques, this resource helps early childhood educators support dual language learners as they develop the skills necessary for school readiness and success. *Arthur's*
