**A Strange Manuscript Found in a Copper Cylinder** James De Mille,2011-10-12 Drifting on a sailing boat off the Canary Islands four British gentlemen take turns reading a manuscript that they find inside a copper cylinder discovered floating in the Atlantic Ocean The manuscript recounts Adam More's adventures after being lost at sea during an Antarctic voyage in 1844 and his life with the Kosekin a lost civilization living at the South Pole The values of the Kosekin are opposed to the civilized norm they love death abjection and poverty Their society may be well suited to their particular evolution but it is profoundly disconcerting to the narrator and it is radically contentious to the Victorian gentlemen who read and debate More's account This Broadview edition of James De Mille's classic recreates the format of the posthumous 1888 Harper's Weekly serial including 18 original illustrations by Gilbert Gaul The appendices allow the novel to be seen in terms of other satirical and scientific romance Antarctic exploration and contemporary geology The introduction and notes tap into recent scholarship to bring to life De Mille's genre innovations and his use of Orientalist and colonialist discourses

**A Strange Manuscript Found in a Copper Cylinder** James De Mille,2001 Four friends happen upon a strange copper cylinder which holds a bizarre and wonderful manuscript As they make their way through it we are returned from the narrative at points as they offer their thoughts and ideas about what is written within The tale within the cylinder was we come to know written by one Adam More a British Sailor who on his return voyage home from Tasmania finds himself shipwrecked Passing through a volcanic tunnel More discovers a lost society of death worshipers whose antithetical values lie in direct contrast with those of the civilized western world Part love story part parable part satire and part fantasy this often overlooked title serves as a solid foundation upon which far more well known books in this same vein in the following years and decades were built

**A Strange Manuscript Found in a Copper Cylinder: A Satiric and Fantastic Romance and the Most Popular Book by James De Mille** James De Mille,2018-11 **A Strange Manuscript Found in a Copper Cylinder** is the most popular book by James De Mille It was serialized posthumously and anonymously in Harper s Weekly and published in book form by Harper and Brothers of New York City during 1888 It was serialized subsequently in the United Kingdom and Australia and published in book form in the United Kingdom and Canada Later editions were published from the plates of the Harper and Brothers first edition during the late 19th and early 20th centuries The satiric and fantastic romance is set in an imaginary semi tropical land in Antarctica inhabited by prehistoric monsters and a cult of death worshipers called the Kosekin Begun many years before it was published it is reminiscent of Edgar Allan Poe s The Narrative of Arthur Gordon Pym of Nantucket and anticipates the exotic locale and fantasy adventure elements of works of the Lost World genre such as Arthur Conan Doyle s The Lost World and Edgar Rice Burroughs The Land That Time Forgot as well as innumerable prehistoric world movies based loosely on these and other works The title and locale were inspired by Edgar Allan Poe s Ms Found in a Bottle It was unfortunate for De Mille s reputation as a writer that this work was published after She and King Solomon s Mines Although

H Rider Haggard's works were well known by then the actual composition of De Mille's romance pre dated the publication of the popular romances and his ideas were not in the least derivative from Haggard's better known works The main story of the novel is the narrative of the adventures of Adam More a British sailor shipwrecked on a homeward voyage from Tasmania After passing through a subterranean tunnel of volcanic origin he finds himself in a lost world of prehistoric animals plants and people sustained by volcanic heat despite the long Antarctic night A secondary plot of four yachtsmen who find the manuscript written by Adam More and sealed in a copper cylinder forms a frame for the central narrative They comment on More's report and one identifies the Kosekin language as a Semitic language possibly derived from Hebrew In his strange volcanic world More also finds a well developed human society which in the tradition of topsy turvy worlds of folklore and satire compare Sir Thomas More's Utopia Erewhon by Samuel Butler or Charlotte Perkins Gilman's Herland has reversed the values of 19th century Western society wealth is scorned and poverty is revered death and darkness are preferred to life and light Rather than accumulating wealth the natives seek to divest themselves of it as quickly as possible Whatever they fail to give away to wealthy people is confiscated by the government which imposes the burden of wealth upon its unfortunate subjects at the beginning of the next year of reverse taxation as a form of punishment
