Templars Selected Sources:

The Templars, 2002 The Templars Regine Pernoud, 2009-09-03 Foreword by Piers Paul Read For centuries historians and novelists have portrayed the Knights Templar as avaricious and power hungry villains Who were these medieval monastic knights whose exploits were the stuff of legend even in their own day Were these elite crusaders corrupted by their conquests which amassed them such power and wealth as to become the envy of kings Indignant at the discrepancies between the fantasies on which writers on history of every kind and hue have indulged themselves without restraint and the available evidence RTgine Pernoud draws a different portrait of these Christian warriors From their origins as defenders of pilgrims to the Holy Land to their dramatic finish as heretics burned at the stake Pernoud offers a concise but thorough account of the Templars contribution to Christendom *The Templars* Dan Jones, 2017-09-19 Dan Jones is an entertainer but also a bona fide historian Seldom does one find serious scholarship so easy to read The Times Book of the Year A New York Times bestseller this major new history of the knights Templar is a fresh muscular and compelling history of the ultimate military religious crusading order combining sensible scholarship with narrative swagger Simon Sebag Montefiore author of Jerusalem A faltering war in the middle east A band of elite warriors determined to fight to the death to protect Christianity s holiest sites A global financial network unaccountable to any government A sinister plot founded on a web of lies Jerusalem 1119 A small group of knights seeking a purpose in the violent aftermath of the First Crusade decides to set up a new order These are the first Knights Templar a band of elite warriors prepared to give their lives to protect Christian pilgrims to the Holy Land Over the next two hundred years the Templars would become the most powerful religious order of the medieval world Their legend has inspired fervent speculation ever since In this groundbreaking narrative history Dan Jones tells the true story of the Templars for the first time in a generation drawing on extensive original sources to build a gripping account of these Christian holy warriors whose heroism and alleged depravity have been shrouded in myth The Templars were protected by the pope and sworn to strict vows of celibacy They fought the forces of Islam in hand to hand combat on the sun baked hills where Jesus lived and died finding their nemesis in Saladin who vowed to drive all Christians from the lands of Islam Experts at channeling money across borders they established the medieval world s largest and most innovative banking network and waged private wars against anyone who threatened their interests Then as they faced setbacks at the hands of the ruthless Mamluk sultan Baybars and were forced to retreat to their stronghold in Cyprus a vindictive and cash strapped King of France set his sights on their fortune His administrators quietly mounted a damning case against the Templars built on deliberate lies and false testimony On Friday October 13 1307 hundreds of brothers were arrested imprisoned and tortured and the order was disbanded amid lurid accusations of sexual misconduct and heresy They were tried by the Pope in secret proceedings and their last master was brutally tortured and burned at the stake But were they heretics or victims of a ruthlessly repressive state Dan Jones goes back to the sources to bring their dramatic tale so relevant to our own times to life

in a book that is at once authoritative and compulsively readable *De tempeliers* Dan Jones, Roelof Posthuma, 2024-10-03 In *De Tempeliers* beschrijft historicus Dan Jones op verhalende wijze de opkomst en ondergang van de middeleeuwse tempelridders voor de liefhebbers van waargebeurde geschiedenisverhalen Met zijn boek *De Tempeliers* brak Dan Jones in 2019 door bij het Nederlandstalige publiek In de twaalfde eeuw richtten negen ridders de Orde van de Tempeliers op De broederschap moest de pelgrims in het Heilige Land beschermen De pelgrims legden een gelofte van armoede en gehoorzaamheid af en werden daardoor in 1129 erkend door de kerk Verenigd onder het rode kruis trokken ze ten strijde in de naam van God In *De Tempeliers* vertelt Dan Jones de geschiedenis van de grootste religieuze ridderorde uit de geschiedenis
