Dwight's Journal of Music John S. Dwight, 2025-08-22 Reprint of the original first published in 1857 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Dwight's Journal of Music** John Sullivan Dwight, 1857 Dwight's Journal of Music, 1857 A Hundred Years of Music in America William Smythe Babcock Mathews, 1889 Egypt was the image of heaven on earth and temple of the whole world Helena Petrovna Blavatsky, 2019-03-13 Ancient India and Egypt were the oldest group of nations The Egyptian Pyramids antedate the upheaval of the Sahara and other deserts But there is no comparison between the Egypt of old with its perfection of art science and religion its glorious cities and monuments its swarming The Egyptian art of writing was perfect and complete from the very first It was used as early as the days of Menes the protomonarch Before Greece came into existence the arts with the Egyptians were already ripe and old Ancient Greece owes everything to Egypt The Greeks learned all they knew including the sacred services of the temple from the Egyptians and because of that their principal temples were consecrated to Egyptian divinities Orpheus was a disciple of Moses Pythagoras Herodotus and Plato owe their philosophy to the same temples in which the wise Solon was instructed by the priests If Chaldea Assyria and Babylon presented stupendous and venerable antiquities reaching far back into the night of time Persia was not without her wonders of a later date The Persian Empire was truly the garden of the world Ecbatana the cool summer retreat of the Persian Kings was defended by seven encircling walls of hewn and polished blocks the interior ones in succession of increasing height and of different colours in astrological accordance with the seven planets The sublime profundity of the Magian precepts is beyond the reach of modern materialistic thought Even the much admired Etruscan paintings and decorative borders found on Greek vases were but copies from Egyptian vases Their figures can be seen on the walls of a tomb of the age of Amenhotep I a period at which Greece was not even in existence Egypt grown grey in her wisdom was so secure of her acquirements that she did not invite admiration and cared no more for the opinion of the flippant Greek than we do today for that of a Fiji islander For she was much older and grander than Greece The Egyptian Zodiac is at least 75 millennia old the Greek 17 millennia old Egypt pressed her own grapes made wine and brewed her own beer The superiority of the Egyptian lyre over the Grecian is an admitted fact Pythagoras learned music in Egypt and made a regular science of it in Italy The lyre harp and flute were used for sacred concerts for festive occasions they had the guitar the single and double pipes and castanets for troops and during military service they had trumpets tambourines drums and cymbals Amenoph II who reigned at Thebes long before the Trojan war is represented as playing chess with the queen In India the game is known to have been played at least 5 000 years ago The Egyptians had their dentists and ophthalmologists and no doctor was allowed to practice more than one specialty Phoenician sails whitened the Indian Ocean as well as the Norwegian fiords The Ph nicians were the earliest

navigators of the world they were Cyclopes a one eyed race of giants they founded most of the colonies of the Mediterranean and visited the Arctic regions whence they brought accounts of eternal days without a night which Homer has preserved for us in the Odyssey Homer s Odyssey surpasses in fantastic nonsense all the tales of the Arabian Nights combined nevertheless many of his myths are now proved to be something else besides the creation of the old poet s fancy Bel and the Dragon Apollo and Python Osiris and Typhon are all one and the same and have travelled far and wide The religious customs of the Mexicans Peruvians and other American races are identical with those of the ancient Ph nicians Babylonians and Egyptians There was a time when Asia Europe Africa and America were covered with the temples sacred to the Sun and the Dragons It is true that the Ph nicians represented the Sun under the image of a Dragon but so did all the other people who symbolized their Sun gods Initiatory rites and ceremonies were performed in crypts catacombs and temples interlinked by subterranean passages running in every direction The perfect identity of rites ceremonies traditions and even the names of deities among Mexicans Babylonians and Egyptians is ample proof of pre historic South America being peopled by a colony which mysteriously found its way across the Atlantic We believe the story of the Atlantis to be no fable and maintain that at different epochs of the past huge islands and even continents existed where now there is but a wild waste of waters At a remote epoch a traveller could traverse what is now the Atlantic Ocean almost the entire distance by land crossing in boats from one island to another where narrow straits then existed There never was nor can there be more than one universal religion The Aztecs resembled the ancient Egyptians in civilization and refinement Among both peoples magic or the arcane natural philosophy was cultivated to the highest degree All ancient religious monuments in whatever land are the expression of the same identical thought the key to which is in the Esoteric Doctrine The grandiose Hindu ruins of Ellora in the Dekkan the Mexican Chich n Itz in Yucat n and the still grander ruins of Cop n in Guatemala were built by peoples moved by the same religious ideas and who had reached an equal level of highest civilization in arts and sciences The ruins of the past Egyptian splendour deserve no higher eulogium than those of Siam If the same workmen did not lay the courses in both countries we must at least think that the secret of this matchless wall building was equally known to the architects of every land Nagkon Wat is grander than anything left to us by Athens or Rome On its sculptured walls there are several repetitions of Dagon the man fish of the Babylonians of the Kabeirian gods of Samothrace as well as of the reputed father of the Kabeiroi Vulcan with his bolts and implements In another place we find Vulcan recognizable by his hammer and pincers but under the shape of a monkey as usually represented by the Egyptians The Ramayana itself the famous epic poem is but the original of Homer s Iliad The beautiful Paris carrying off Helen looks very much like Ravana king of the giants eloping with Sita Rama s wife Herodotus assures us that the Trojan heroes and gods date in Greece only from the days of the Iliad In such a case even Hanuman the monkey god would be but Vulcan in disguise Many historians claim that the Jews were similar or identical with the ancient Ph nicians however the latter were beyond any doubt an Ethiopian race If the Jews were in the twilight of history

Ph nicians the latter may be traced to the nations who used the old Sanskrit language All ancient temples and buildings belong to the age of Hermes Trismegistus And however comparatively modern or ancient the temples may seem their mathematical proportions correspond perfectly with the Egyptian religious edifices The cold stony lips of the once vocal Memnon and of these hardy sphinxes keep their secrets well Who will unseal them Who of our modern materialistic dwarfs and unbelieving Sadducees will dare to lift the Veil of Isis The Babylonian Nebo the Thoth of Memphis the Greek Hermes were all gods of Esoteric Wisdom Ammonius Saccas declared that all moral and practical wisdom was contained in the Books of Thoth Hermes Trismegistus Thoth means a college school or assembly and the works of that name were identical with the doctrines of the sages of the far East Thoth Hermes therefore never was the name of a man but a generic title It is the Voice of Egypt s Great Hierophants that speaks Even in the time of Plato Hermes was already identified with the Thoth of the Egyptians But in reality Thoth Hermes is simply the personification of the sacred teachings of Egypt s sacerdotal caste The first hour for the disappearance of the Mysteries struck on the clock of the Races with the Macedonian Conqueror The Adepts of Egypt were then compelled to recede further and further from the laurels of conquest into the most hidden spots of the globe And her sacred Scribes and Hierophants became wanderers upon the face of the earth A dire prophecy about today s Egypt from a passage from the Asclepian Dialogue ascribed to Hermes Trismegistus Egypt shall be forsaken when divinity returns back from earth to heaven
