

A man and a woman are walking across a vast, open field of tall, golden grass. The woman, on the left, wears a light-colored, flowing dress and has her hair pulled back. The man, on the right, wears a dark suit and a white shirt. They are walking away from the camera towards a line of trees in the distance. The sky is a pale, hazy blue.

## **Story Of A Fortunate Man:**

*A Fortunate Man* Henrik Pontoppidan, 2018-07-06 At the height of his powers Per Sidenius the son of a poor religious minister is a fortunate man He has the whole of the approaching twentieth century in his grasp a fabulously rich Jewish heiress as a soon to be wife burgeoning fame as a forward and free thinking man of the New Age and success in having put his sorry childhood behind him But just as he reaches the lofty heights of bourgeois success Per begins to deeply question his life A series of events then unfold which Nobel Prize winning author Henrik Pontoppidan describes with unflinching honesty and intensely human passion Here is the hectic foment of social and religious debate the unrepentant greed of finance sharks the hot coals of pure and illicit love Then the biggest questions of all who am I and what have I to do With A Fortunate Man 1898 1904 one of Denmark's greatest ever writers manages not only to sound the depths of his nation's soul but also to paint a huge European canvas stretching from vintage Copenhagen to the sultry heat of Rome at the turn of the nineteenth century Heralded by such influential figures as Thomas Mann and Georg Lukács as a seminal work this is a truly breathtaking novel which places Henrik Pontoppidan as one of the true greats of modern European literature

**A Writer of Our Time** Joshua Sperling, 2018-11-20 This engaging intellectual biography traces Berger's creative evolution analyzes highlights from his vast output and situates them within his empathetic Marxism The New Yorker The first intellectual biography of the life and work of John Berger John Berger was one of the most influential thinkers and writers of postwar Europe As a novelist he won the Booker prize in 1972 donating half his prize money to the Black Panthers As a TV presenter he changed the way we looked at art with *Ways of Seeing* As a storyteller and political activist he defended the rights and dignity of workers migrants and the oppressed around the world Far from dragging politics into art he wrote in 1953 art has dragged me into politics He remained a revolutionary up to his death in January 2017 Built around a series of watersheds at once personal and historical *A Writer of Our Time* traces Berger's development from his roots as a postwar art student and polemicist in the Cold War battles of 1950s London through the heady days of the 1960s when the revolutions were not only political but sexual and artistic to Berger's reinvention as a rural storyteller and the long hangover that followed the rise and fall of the New Left Drawing on first hand unpublished interviews and archival sources only recently made available Joshua Sperling digs beneath the moments of controversy to reveal a figure of remarkable complexity and resilience The portrait that emerges is of a cultural innovator as celebrated as he was often misunderstood and a writer increasingly driven as much by what he loved as by what he opposed *A Writer of Our Time* brings the many faces of John Berger together repatriating one of our great minds to the intellectual dramas of his and our time

## **Is Literature Healthy?**

Josie Billington, 2016-09-19 The Literary Agenda is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities The category of the literary has always been contentious What is clear however is how increasingly it is dismissed or is unrecognised as a way of thinking or an arena for

thought It is sceptically challenged from within for example by the sometimes rival claims of cultural history contextualized explanation or media studies It is shaken from without by even greater pressures by economic exigency and the severe social attitudes that can follow from it by technological change that may leave the traditional forms of serious human communication looking merely antiquated For just these reasons this is the right time for renewal to start reinvigorated work into the meaning and value of literary reading Medical Humanities comprises disciplines as diverse as literature the visual and performing arts the history of medicine bioethics It claims a vast range of philosophical and political agendas goals and purposes including the education of medical students in areas of clinical empathy critical thinking ethical awareness gender and race issues and cross cultural medicine Josie Billington argues that in so far as literature is offered as adding value to medical education in health training and practice that defence tends to become instrumental in nature whether consciously and explicitly or otherwise This book is interested more widely in the power of the arts as a remedial force Following an introduction surveying the idea of the Medical Humanities its history and its development the book's four chapters will look at illness and health as defined in medical terms and as complicated within the field of imaginative literature at narrative and storytelling within the therapeutic meeting of medical and literary approaches at reading groups and private reading considering contemporary models of literary reading as a template for redefining literature's place and power not only within the discipline of Medical Humanities but within the wider world in relation to concerns of mental wellbeing that affect us all

A Novel* Anthony Trollope, 1878     [The Literary Lifeline](#) Kevin Harvey, 2025-07-24 The Literary Lifeline is a tribute to the transporting and consoling power of reading In this insightful and moving book Kevin Harvey affirms the importance that language and literature can play in our lives reminding us of reading's enduring and sometimes surprising ability to help us through times of illness grief and uncertainty Interweaving fragments from his own experience of reading Harvey takes us on a fascinating tour of reading for therapeutic effect exploring the rise of shared reading and other uses of bibliotherapy in various social and personal contexts He argues through a series of compelling stories and life experiences that reading not only benefits physical and emotional wellbeing but that it also humanises the care process particularly in institutional settings where personhood can be threatened or undermined completely Whether he's writing about the drama and delight of reading aloud to other people the humane magic of the public library or the loss of his beloved brother and his improvised attempt to read through grief Harvey offers us an engaging take on the solace of reading and the gift of the written word Entertaining highly accessible and teeming with illuminating observations and ideas The Literary Lifeline is a book that will appeal to both scholars and general readers alike     **A Fortunate Man** John Berger, 2015-02-05 In 1966 John Berger spent three months in the Forest of Dean shadowing an English country GP John Sassall. text and the photography of Jean Mohr reveal with extraordinary intensity the life of a remarkable man It is a portrait of one selfless individual and the rural community for which he became the hub Drawing on psychology biography and medicine A Fortunate Man is a portrait of sacrifice It is also a profound exploration of what it means to be a doctor to serve a community and to heal With a new introduction by novelist and GP Gavin Francis     A Jar of Wild Flowers Yasmin

Gunaratnam,2016-11-05 John Berger has made the world a better place to live in These essays tell us how he succeeded in that task Arundhati Roy In this collection of essays on the work of and conversations with John Berger thirty seven of his friends artistic collaborators and followers come together to form the first truly international and cross cultural celebration of his interventions Berger has for decades through his poetic humanism brought together geographically historically and socially disparate subjects His work continues to throw out lifelines across genres times and types of experience opening up radical questions about the meaning of belonging and of community In keeping with this spirit and in celebration of Berger the short essays in A Jar of Wild Flowers challenge us all to take the brave step from limited sympathy to extended generosity With contributions from Ali Smith Julie Christie Sally Potter Ram Rahman Jean Mohr Nick Thorpe Hsiao Hung Pai and many others
