The True Story of the American Flag John H. Fow,2020-04-09 History is the best incentive to make men love their country it encourages that patriotism which never falters even at the cannon's mouth The sight of a flag or the music of a band merely enthralls as long as one is in sight or the other can be heard but history and its knowledge are lasting and a source of pride So therefore let it be true in all its details no matter who may fall from the high pedestals upon which they have been placed by vain glorious descendants

The True Story of the American Flag John Henry Fow,2015-03-13 I was induced to make this research by the late William H Egle Librarian of the State Library at Harrisburg whose knowledge of the early history of Pennsylvania was of valuable assistance to me in preparing the data for a history of the country along the Delaware river prior to 1682 yet unfinished Mr Egle agreed with me that the claim of Mr Canby that Betsy Ross designed and made the first flag was legendary and without that foundation which is so necessary to uphold claims of this character Statements of such a character when allowed to go unrefuted do harm to the history of any people inasmuch as they encourage others to build air castles and purchase old portraits to be palmed off on others as our grandfather who fit in the Revolution or our grandmother who carried supplies to the troops at Valley Forge
