**X Films** Alex Cox, 2008-09-01 Filmmaker Alex Cox's thoughtful autobiography examines his craft and influences as well as providing his insights into many of his favorite films. Sometimes called a radical, Cox is a quintessential auteur as well as an internationally focused insightful critic and writer whose passion for film has gripped him since childhood. In addition to being a captivating look into Cox's process, this book also encourages and instructs would-be independent filmmakers guiding the next generation of film pioneers through the arduous journey of creation. Cox weaves his own confessions with his notes to the new guard, including thoughts on new forms of digital distribution and his radical views on intellectual property. The result is a readable, startling treatise on both the film innovations of today and the thrilling potential of future filmmaking.
