Read believed that nothing should stand in the way of freedom's power to change minds including about the morality and efficacy of the free market and its miraculous performances as the principle of social organization. The selections in Freedom in One Lesson are intended to stimulate serious thought and further reading and hopefully to begin infecting people today with his deep seated commitment to liberty. That was one of Leonard Read's goals to plant seeds of liberty so that individuals and thereby society could blossom to their fullest potential. From the Introduction

SAILING BY THE STARS JEAN O. TINECHI,2014-06-13 The human being with an average lifespan of less than nine decades is born onto a planet that is billions of years old. Yet humans spend this minuscule amount of time fighting, cheating and hating each other all in an attempt to own the earthly materials that have been and will always be here. Using a fictionalized setting, the author Jean O. Tinechi suggests that this human characteristic has persisted over the millennia due to a civilization built on a misguided education. Johnny Maku is an intelligent teenage boy thrust into a luxury cruise ship to Alaska where he meets an equally intelligent and ravishingly beautiful teenage girl, Sandra Peters. Like a storm, his thoughts, events and feelings pummel this shy young man for the next eight days. It is not until the very end that he realizes he had just been on a journey through life.
