

## The Irish In Britain

**Roger Swift, Sheridan Gilley**

## **The Irish In Britain:**

[The Irish in Britain, 1815-1939](#) Roger Swift, Sheridan Gilley, 1989-01-01 This work is a sequel to The Irish Victorian City As a collection of national and regional studies it reflected the consensus view of the subject by describing both the degree of the demoralization of the Irish immigrants into Britain for the early and mid Victorian period when they figured so largely in the official parliamentary and social reportage of the day and then in spite of every obvious difficulty posed by poverty crime disease and prejudice the positive aspect of the Irish Catholic achievement in the creation of enduring religious and political communities towards the end of the nineteenth century

**The Irish in Britain** Kevin O'Connor, 1974    **The Irish in**

**Britain** John Denvir, 1894    [The Irish in Britain](#) John Archer Jackson, 1963    **The Irish in Britain, 1815-1914** Roger Swift, 1990

[The Irish in Britain, 1815-1914](#) Graham Davis, 1991 This text surveys Irish immigration to Britain in the Victorian and Edwardian era Based on a wide selection of new source material this book offers an analysis of the Irish impact on British life    *The Irish In Britain* John Denvir, 2023-07-18 This book traces the history of Irish immigration to Britain from early times to the late 19th century covering the social economic and political factors contributing to the migration The book includes detailed accounts of the lives and struggles of Irish immigrants and the impact of Irish politics on their experiences This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

[The History of the Irish in Britain](#), 1986    *London Irish Fictions* Tony Murray, 2012-01-01 Examines the specific role that the metropolis plays in literary portrayals of Irish migrant experience as an arena for the performance of Irishness as a catalyst in the transformations of Irishness and as an intrinsic component of second generation Irish identities

*Religion, Class, and Identity* Mary J. Hickman, 1995 This book examines the experience of the Irish Catholic working class and their descendants in Britain as a minority experience which has been profoundly shaped by the responses of both the British state and the Catholic church to Irish migrants The book challenges notions that the Irish have smoothly assimilated to British society and demonstrates how the reception and policies that greeted the Irish in 19th century Britain created the framework within which the experiences of Irish migrants to Britain in the 20th century have been formed Research about the education of Irish Catholics is used to investigate how a labour migrant group who in the 19th century were large visible and problematised were socially constructed as invisible by the mid 20th century through a process of incorporation and denationalization    [Irish Identities in Victorian Britain](#) Roger Swift, Sheridan Gilley, 2013-10-31 Recent studies of the experiences of Irish migrants in Victorian Britain have emphasized

the significance of the themes of change continuity resistance and accommodation in the creation of a rich and diverse migrant culture within which a variety of Irish identities co existed and sometimes competed In contributing to this burgeoning historiography this book explores and analyses the complexities surrounding the self identity of the Irish in Victorian Britain which differed not only from place to place and from one generation to another but which were also variously shaped by issues of class and gender and politics and religion Moreover and given the tendency for Irish ethnicity to mutate through a comparative study of the Irish in Britain and the United States the book suggests that in order to preserve their Irishness the Irish often had to change it Written by some of the foremost scholars in the field these original essays not only shed new light on the history of the Irish in Britain but are also integral to the broader study of the Irish Diaspora and of immigrants and minorities in multicultural societies This book was previously published as a special issue of Immigrants and Minorities [The Irish in the Victorian City](#) Roger Swift,Sheridan Gilley,2021-02-25 First published in 1985 this book explores the social history of the Irish in Britain across a variety of cities including Bristol York Glasgow Edinburgh and Stockport With contributions from foremost scholars in the field it provides a thorough critical study of Irish immigration in its social political cultural and religious dimensions This book will be of interested to students of Victorian history Irish history and the history of minorities [Routledge International Handbook of Irish Studies](#) Renée Fox, Mike Cronin, Brian Ó Conchúrbhair, 2020-12-30 Routledge International Handbook of Irish Studies begins with the reversal in Irish fortunes after the 2008 global economic crash The chapters included address not only changes in post Celtic Tiger Ireland but also changes in disciplinary approaches to Irish Studies that the last decade of political economic and cultural unrest have stimulated Since 2008 Irish Studies has been directly and indirectly influenced by the crash and its reverberations through the economy political landscape and social framework of Ireland and beyond Approaching Irish pasts presents and futures through interdisciplinary and theoretically capacious lenses the chapters in this volume reflect the myriad ways Irish Studies has responded to the economic precarity in the Republic renewed instability in the North the complex European politics of Brexit global climate and pandemic crises and the intense social change in Ireland catalyzed by all of these Just as Irish society has had to dramatically reconceive its economic and global identity after the crash Irish Studies has had to shift its theoretical modes and its objects of analysis in order to keep pace with these changes and upheavals This book captures the dynamic ways the discipline has evolved since 2008 exploring how the age of austerity and renewal has transformed both Ireland and scholarly approaches to understanding Ireland It will appeal to students and scholars of Irish studies sociology cultural studies history literature economics and political science Chapter 3 5 and 15 of this book is available for free in PDF format as Open Access from the individual product page at [www.routledge.com](http://www.routledge.com) It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license [\*\*Contemporary Irish Popular Culture\*\*](#) Anthony P. McIntyre, 2022-02-23 This book uses popular culture to highlight the intersections and interplay between ideologies

technological advancement and mobilities as they shape contemporary Irish identities Marshalling case studies drawn from a wide spectrum of popular culture including the mediated construction of prominent sporting figures Troubles set sitcom Derry Girls and poignant drama feature Philomena Anthony P McIntyre offers a wide ranging discussion of contemporary Irishness tracing its entanglement with notions of mobility regionality and identity The book will appeal to students and scholars of Irish studies cultural studies as well as film and media studies [Britain ,2001](#) [The Routledge Handbook of the Politics of Brexit](#) Patrick Diamond,Peter Nedergaard,Ben Rosamond,2018-05-08 The surprise decision expressed by the British people in the referendum held in June 2016 to leave the European Union was remarkable It also presents a natural experiment where the exposure of a society to an extraordinary event allows scholars to observe in real time in the real world the interaction of variables The Routledge Handbook of the Politics of Brexit takes stock of what we know in the social science community about the Brexit phenomenon so far and looks to make sense of this remarkable process as it unfolds The book asks simple questions across a range of areas and topics so as to frame the debate into a number of navigable subdiscussions providing structure and form to what is an evolving and potentially inchoate topic As such it provides a systematic account of the background for the content of and the possible implications of Brexit The handbook therefore does not examine in detail the minutiae of Brexit as it unfolds on a day to day basis but raises its sights to consider both the broad contextual factors that shape and are shaped by Brexit and the deeper sources and implications of the British exit from the European Union Importantly as interest in Brexit reaches far beyond the shores of the United Kingdom so an international team of contributors examines and reveals the global implications and the external face of Brexit The Routledge Handbook of the Politics of Brexit will be essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research on Brexit British politics European Union politics and comparative politics and international relations [The Irish Diaspora in Britain, 1750-1939](#) Donald M. MacRaild,2011

**Culture in Ireland--division Or Diversity?** Edna Longley,1991 [Discrimination and the Irish Community in Britain](#) Mary J. Hickman,Bronwen Walter,1997 [\*\*Britain Needs Change\*\*](#) Gerry Hassan,Simon Barrow,2024-11-28 After fourteen years of Conservative government combined with Brexit a global pandemic the rise of a populist far right and the existential threat of climate change many see Britain as undergoing serious social economic and cultural decline This is the context in which Labour have taken office at Westminster after a decade and a half in opposition With recent ways of doing politics government and statecraft in crisis how can a serious humane alternative emerge What scale and type of change is coming and will it be for the better All this raises serious questions about the future of the UK and its constituent nations Labour s ability to govern progressively and the incoming government s confidence and capacity to take on the entrenched vested interests of present day Britain while also having an honest mature conversation with the public and its own supporters about the nature of these challenges In Britain Needs Change some of our best thinkers and commentators dissect the

challenges facing the new government in a series of wide ranging penetrative essays. Featuring contributions from Helena Kennedy, John Curtice, Mariana Mazzucato, Neal Lawson, Aditya Chakrabortty, Ann Pettifor, Gavin Esler, Hilary Cottam, Sunder Katwala, Savitri Hensman, Fintan O Toole and Andrew Gamble among others, this is required reading for anyone interested in the future of our country.
