

THE PORTABLE IRISH READER

To give in one volume an adequate representation of one of the richest and most abundant of national literatures is a project before which any editor might tremble. Diarmuid Russell, the son of "A. E.," is superbly qualified to undertake this task, and he has succeeded brilliantly in getting into 700 pages the cream of this great literary heritage. For dipping and sampling, or for continuous reading, here are many hours of greatly diverse and richly vital reading.

The introduction provides a short, satisfying, authoritative history of Irish literature.

"One of the best collections of Irish writing this reviewer has ever seen...a charabanc loaded to the whistletrees with Irish genius."

—FRANK J. HYNE, SATURDAY REVIEW

"A volume that will be a delight to those who love Irish letters." —BOOK OF THE MONTH CLUB NEWS

"...it will put a volume of tangy enchantment on the shelf of anybody professing to a love of literature."

The Irish Reader

Henry Herman

The Irish Reader:

The Irish Reader Diarmuid Russell, 1956-05-10 *The Oxford History of the Irish Book, Volume II* Éamonn Ó Ciardha, Frank Sewell, Alan Titley, 2025-07-10 The Oxford History of the Irish Book is a major series that charts one of the most venerable book cultures in Europe from the earliest manuscript compilations to the flourishing book industries of the late twentieth century. For the first time it offers a history of the Irish book as a created object situated in a world of communications, trade, transport, power and money and examines the ways in which books have both reflected and influenced social, political and intellectual formations in Ireland. It is an important project for the understanding of Ireland's written and printed heritage and is by its nature of profound cross-cultural significance, embracing as it does all the written and printed traditions and heritages of Ireland and placing them in the global context of a worldwide interest in book histories. Volume II, with eighty two chapters by seventy leading commentators on and participants in Irish book history spans approximately 450 years of Irish language book production, distribution and reception. It begins with the 1567 publication of John Carswell's Gaelic version of the Book of Common Order and follows the story of the printed book and journalism in Irish into the twenty-first century. The internet, ebooks and other formats. The volume covers religious publications from the sixteenth to eighteenth century, competing versions of Irish history, seventeenth and eighteenth century texts which reflected an antiquarian interest in Ireland and its culture, ongoing literary production in the nineteenth century, printers, publishers, literacy books and volumes produced by learned societies interested in Irish language and culture. Gaelic Revival publications, post-Independence literature and its publishers, journalism from the late eighteenth to twenty-first century, lexicography, non-fiction, educational publishing, folklore and place-lore, translation, the contribution of scholars from outside Ireland, publishing in the Irish diaspora, typography, book design and illustration, the reception of Irish language texts from censorship to bestsellers, book collection and finally sources for the study of Irish book history. This major study of Irish language book history provides a useful resource for readers interested in Irish history, book history, Irish Studies, the Irish language, Celtic Studies, Translation Studies, linguistics, post-colonialism and the Irish diaspora. *A Reader's Guide to Books in the Irish Language* Seosamh McCloskey, 1992 In this guide you will find short descriptions of more than 200 books written in the Irish language from 1900-1992. Some bibliographical material is given on each author. The books described are in the categories of language history, literature, poetry, drama, folklore, non-fiction, books for beginning readers, books on tape. Each category has a brief introductory essay placing the genre historically. Dual language texts available, translations are noted. Although this is a personal selection, it is by no means a complete compilation of books available in Irish, it will leave the reader with a good knowledge of the state of writing literature in Irish today. It will be of use to readers who are fluent in Irish, also beginning readers because it notes the level of writing with regard to simplicity or sophistication of the text being described. The guide will also be of interest to people who do not know the language but are interested in Ireland. This book will give them

information that they will not find anywhere else A second volume is planned for 1994 covering books published before 1900 many of which are of linguistic interest For information To order contact Irish Books 580 Broadway NY NY 10012 Phone 212 274 1923 **The Irish Book Lover** ...
