# The Japanese Connection

**Alistair Whyte, Kozaburo Taniguchi**

## **The Japanese Connection:**

*The Japanese Connection* Bill McDonald, 2000-08-28 Early in 1942 the Japanese navy sank the American cruiser Stuart. Our story involves four boatswain mates who were close friends onboard ship and during their subsequent capture and incarceration. They suffer atrocities under the command of a sadistic Sgt Oki Tashino. When it becomes apparent that the end of the war is imminent and that he will have to face the War Crimes Committee, Tashino switches identities with a dead Japanese soldier. As our story moves forward to the present, the crew of the Stuart is having their annual reunion when word is received that Oki Tashino is alive and touring the U S on business. Even if his true identity is revealed, Tashino will remain a free man under the provisions of a 1952 peace treaty that released all War Crimes prisoners, terminating all legal, moral, and humanitarian obligations to individuals who suffered direct consequences of incarceration by Japan during World War II. One week after the reunion, Tashino is found murdered in his hotel room on Long Island. The subsequent police investigation points to a crewmember of the Stuart. But who? Detective Frank Arena is assigned to the case and ultimately discovers the murderer.

**Japanese Communication** Senko K. Maynard, 1997-06-01 In an accessible and original study of the Japanese language in relation to Japanese society and culture, Senko Maynard characterizes the ways of communicating in Japanese and explores Japanese language-associated modes of thinking and feeling. *Japanese Communication: Language and Thought in Context* opens with a comparison of basic American and Japanese values via cultural icons: the cowboy and the samurai. Before leading the reader to the key concept in her study, rationality, Writing for those who have a basic knowledge of Japanese language and culture, Maynard examines topics such as masculine and feminine speech, swearing, expressions of ridicule, and conflict adverbs of emotional attitude and the eloquence of silence. Maynard provides a refreshing and entertaining perspective for interpreting contemporary Japan, sometimes in contrast to the United States.

**The Japanese Connection** Alistair Whyte, Kozaburo Taniguchi, 1987 **Japan's Network Economy** James R. Lincoln, Michael L. Gerlach, 2004-08-16 Japan's economy has long been described as network-centric. A web of stable, reciprocated relations among banks, firms, and ministries is thought to play an important role in Japan's ability to navigate smoothly around economic shocks. Now those networks are widely blamed for Japan's faltering competitiveness. This book applies structural sociology to a study of how the form and functioning of this network economy has evolved from the prewar era to the late 90s. It asks whether, in the face of deregulation, globalization, and financial disintermediation, Japan's corporate networks, the keiretsu groupings, particularly have withered away, losing their cohesion and their historical function of supporting member firms in hard times. Using detailed quantitative and qualitative analysis, this book's conclusion is a qualified yes: Relationships remain central to the Japanese way of business, but are much more subordinated to the competitive strategy of the enterprise than the network economy of the past.
