## **The Kasbas Of Southern Morocco:**

*Travels in the Atlas and Southern Morocco* Joseph Thomson, 1889 In introducing this book to the reader little need be said It is nothing more than what it pretends to be a Personal Narrative of Exploration It does not claim to be a book on Morocco and consequently may appear in many respects to be very defective To write such a book was originally my ambition when I turned my attention to that remarkable country but the abrupt and premature conclusion of my travels has made me perforce alter my intention and devote myself to recording only something of what we saw and experienced in the parts in which we travelled It has moreover been as much my object to sketch pictures as to chronicle facts For the same reason this book has been made a personal narrative with its inevitable frequent use of the first person singular or plural
