The Kauai Connection:

The Kauai Connection A. Keith Barton, 2002-08-13 Jack Cahill uncovers a family secret after fifty years about America's entry into World War II. The CIA wants him dead to protect the President's upcoming trade agreement with Japan that threatens the economic survival of our NATO allies. Jack Cahill returns to his boyhood home of Kauai to spend his retirement after a tumultuous career with Global Dynamics. He is surprised to learn of a family secret that his father had worked for Japan during WW II by sharing intelligence information about American naval vessels. Cahill enlists the support of his boyhood friend Nathan Kaleo to decipher records found in an old island fort that lead to a startling discovery that the elder Cahill did not act alone. The CIA is determined to kill Cahill before he uncovers the truth about Japan's attack on Pearl Harbor.
