The Japanese Mind The Goliath Explained:

The Japanese Mind Robert C. Christopher, 1984 An entertaining and thorough introduction to all things Japanese Much has been written about Japanese management But this is the first book to explain the people the life and the culture of that fascinating nation *The Japanese Mind* Robert C. Christopher, 1983 Passport Japan Dean W. Engel, Ken Murakami, 2003

Decentralized Democratic Governance in New Millennium U. B. Singh, 2009 *The Thorn in the Chrysanthemum* Mamoru Iga, 2024-06-14 Japanese society is frequently held up to the Western world as a model of harmony and efficiency but the price it pays tends to be overlooked In a searching analysis that will fascinate students and admirers of Japan as much as it will inform psychologists and suicidologists Mamoru Iga discusses the precise nature of the thorn in the chrysanthemum a thorn that may hurt both the Japanese and the outsider who conducts business with them The author who was reared and educated in Japan is uniquely qualified to interpret the value orientations of a society in which suicide is all too common He finds that the traits leading to homogeneity and extreme adaptability in that society as a whole are the very traits that can produce painful reactions in the individual Those traits are described as monism groupism authoritarianism familism and accommodationism and together they comprise the Japanese social character Because the individual s behavior is based on the images assumptions and ideas about the world that make up his or her culture conformism in the individual is one major manifestation of Japan s social character In Japan the need to fill one s socially prescribed role may make it doubly difficult to think independently and creatively and to find solutions for the resulting stress Suicide notes and other personal documents reveal the painful cost of modern Japan s success story as the examination of individual suicides is related both to the theoretical framework of Durkheim s types of suicide and to the sociological patterns that characterize suicide in Japan It is in personal value orientations however that Iga finds the common ground between suicide and economic success American readers will find especially interesting the contrast between value orientations in Japan and in the United States Nearly the opposite of the Japanese traits described above American values of rationalism individualism competition and change create their own problems There is much to be learned from this expert analysis of the problem of suicide in Japan This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986 *Japanese Mind [sound Recording] : the Goliath Explained* Robert C. Christopher, Potter, Andrew, 1985 Politics in Japan Bradley M. Richardson, Scott C. Flanagan, 1984 **Contemporary Canadian Women's Fiction** C. Howells, 2003-08-22 This book charts the significant changes in contemporary Canada s literary profile since the mid 1990s within a context of the new national rhetoric of multiculturalism By looking closely at a representative range of fictions in English by women from a variety of ethnocultural backgrounds Howells examines the complexities embedded within

Canadian identity What does Refiguring Identities mean for these writers given their individual agendas and the multiple affiliation of any woman s identity construction All these writers are engaged in rewriting history across generation and Howells argues that woman s fiction negotiates new possibilities for cultural change introducing more heterogeneous narratives of identity in multi cultural Canada **Japan as -anything But- Number One** Jon Woronoff,1991 The author attempts to dispel what he believes to be the myth of modern Japan and finds that it is not the extraordinary success it is frequently claimed to be *Modern Japan* Mikiso Hane,2001-02-16 The books focuses on essential developments in political intellectual cultural economic and social developments with focus on the status of women peasants and minority groups

U.S./Japan Foreign Trade Rita E. Neri,2018-02-21 This bibliography first published in 1988 consists of annotated entries of monographs and journal articles published in English that discuss socio economic aspects of Japanese society as well as the general and economic dynamics of United States Japan trade relations Emphasis is on the Japanese perspective **Who Rules Japan?** Harold Kerbo,John A. McKinstry,1995-10-24 Fifty years ago a new alliance of Japanese elites sparked the miraculous transformation of their country from a land decimated by war to an economic superpower that would become the envy of the world These elites represented the best and brightest of Japan and they were willing to make great sacrifices for the prosperity of their people Now this same elitist system may be the nation s downfall The new elites who replaced the pre World War II zaibatsu elite have formed their own brand of upper class rule based on corporate control and domination of the state Intent on solidifying their power through arranged marriages and interlocking families many Japanese believe the new elite has become corrupt and self serving The resulting inequality has spurred growing anger among the non elite classes At a time when stability defines the new world order Japan faces its greatest threat the threat from within Bound to be controversial Who Rules Japan is a study that expertly connects the country s economic cultural historical and political facets Kerbo and McKinstry explain how this new type of upper class has gradually spurned the traditional ideals of democracy in favor of an elitist approach that exploits the masses and causes ominous unrest As a result Japan is now confronted with a critical turning point in its history The elites must choose between consolidating their personal power by continuing to resist change or beginning to make necessary sacrifices for their nation at the expense of their own privilege and prestige The course they take will determine Japan s fate and the shape of the world order into the next century Unique in its approach this book will be of interest to scholars researchers students and the general reader all those interested in understanding Japan s inner struggle *The Influence of Globalization on Ecological Literacy in Japan* John Esposito,2006-08-30 Globalization understood as an intensification of modernism has over the past fifty years been a powerful force for cultural change This study examines how one aspect of globalization Hollywood films influences Japanese thinking as regards to human nature relationships A critical discourse analysis of the most popular cinematic texts in Japan during a five year period 1997_2001 uncovers the latent ideologies and messages linked to a modern worldview This interdisciplinary work

evaluates the influence of these films by way of a descriptive survey of Japanese culture data from a university student focus group and an analysis of linguistic behavioral and attitudinal changes toward environmental issues A holistic approach to curricular reform that grounds ecological principles in traditional perceptions of nature is proffered as a way of countering exogenous influences while restoring a sense of balance to the culture ecosystem **The Job Hunter's Guide to Japan**

Terra Brockman,1990 Japan is an open international place in terms of job opportunities for foreigners This book is an informed invitation to broaden your career and life experiences by working in a country with a distinctive business culture The only book of its kind an intelligent and practical manual for success **Frommer's Tokyo** Beth Reiber,2000-06-15 You ll never fall into the tourist traps when you travel with Frommer s It s like having a friend show you around taking you to the places locals like best Our expert authors have already gone everywhere you might go they ve done the legwork for you and they re not afraid to tell it like it is saving you time and money No other series offers candid reviews of so many hotels and restaurants in all price ranges Every Frommer s Travel Guide is up to date with exact prices for everything dozens of color maps and exciting coverage of sports shopping and nightlife You d be lost without us Tokyo is a whirlwind of traffic and people a fast paced gateway to the 21st century It s one of the world s great cities but it can be overwhelming Frommers makes it easy for you to find your way and discover the best of Tokyo from business hotels to traditional Japanese inns from restaurants serving exquisite kaiseki feasts to stand up noodle houses from tranquil gardens and temples to the incredible swirl of nightlife in Shinjuku and Roppongi Whether it s business or pleasure Frommer s will take you there in style You ll rely on us for a handy glossary of everyday expressions and menu terms and our unique and indispensable Japanese character key that makes recognizing establishment signs as easy as ABC With step by step directions exact prices detailed neighborhood maps and valuable cultural insights Frommer s Tokyo puts Japan s premier city at your fingertips **Japan's "international Youth"** Roger Goodman,1990 A striking aspect of Japan s growing international activity is the return home each year of thousands of children who have lived abroad as a result of their parents work Traditionally it has been widely believed that these children were stigmatized and that they faced severe problems in adjusting to the realities of living in Japanese society Drawing on his long term fieldwork in one of the special schools set up to receive these children this book is the first to challenge these ideas Goodman argues that the convergence of several factors particularly parental status and a powerful new political rhetoric stressing internationalization is making these returnee children the vanguard of a new social elite *Innovation Japanese Style* Paul Herbig,1995 Japan has major problems to address if it wishes to remain an economic superstar in the 21st century Can Japan continue to grow as an economic superpower now that it has caught up with the technological frontier by borrowing technology Herbig explores the Japanese and American cultures business practices and government behavior in order to determine an optimum combination International managers and CEOs business scholars and graduate students will find Herbig s insights into future scenarios for both Japan and America very valuable After examining

historical evidence of Japan's creativity Herbig provides fresh insight into Japanese innovative strengths and weaknesses and analyzes Japanese product development strategies and target costing A comparison between U S and Japanese innovation processes shows how American thinking focuses excessively upon the earliest stages of the process It also shows the advantages of imitation and application as well as the risks involved in being a follower even one as good as Japan **The Rising Sun on Main Street** Alison Raymond Lanier,1992 How to compete with negotiate with generally do business with the Japanese Also provides tips on working for the Japanese Japanese culture carefully explained The ALA BOOKLIST put the first edition on its Recommended reading list Noted consultant Melvin Conant said the best book on the Japanese A book of great value a sound readable paperback W G Downs The Rockefeller Foundation The up to date second edition is better For anyone working for or negotiating with a Japanese organization To order for exclusive U S distribution call businessOne at 1 800 448 3343 **Japanese Graphic Design** Richard S. Thornton,1991 **Japan's Growing Power Over East Asia and the World Economy** William R. Nester,1990 In 40 years Japan has developed from a war devastated and poverty stricken country into the second largest economy in the world This book analyzes how Japan attained its current financial and technological status and argues that Japan's supremacy over world economies will expand further
