**The Jews in American History** Jacob I. Hartstein,1958     [Otrarse Juan Gelman,2024-12-01](#) One of Latin American s most important poets of the twentieth century Juan Gelman 1930 2014 spent much of his life in exile from his native Argentina during the Dirty War Gelman was a child of Yiddish speaking Ukrainian immigrants and a significant seldom recognized portion of his poetry dealt with Jewish themes He established a dialogue across time with Santa Teresa de vila and San Juan de la Cruz the sixteenth century Spanish mystical poets whose ancestry was also Jewish He rewrote portions of the Bible medieval Hebrew poetry and even taught himself Ladino the language of Sephardic Jews and wrote a book of poems in it In this bilingual volume celebrated scholar Ilan Stavans retraces Gelman s regard for these poetic ancestors translating into English his Jewish oeuvre by carefully preserving the Hebrew Spanish and Ladino echoes of the originals The result is historically accurate and artistically exhilarating repositioning Gelman as a major Jewish writer of the last century

*Queer Jewish Strangers in American Popular Culture* Amy Tziporah Karp,2023-12-19 Queer Jewish Strangers in American Popular Culture Life Between Assimilation and Otherness explores LGBTQIA Jewish American identity in the United States and the queer Jewish stranger figures who live in between incorporation and estrangement Amy Tziporah Karp establishes that despite the near ubiquitous portrayal of Jewish American assimilation as a finished project completed in the wake of World War II in academic disciplines and throughout popular culture many LGBTQIA Jewish figures in contemporary popular culture inhabit stranger positionalities In these stranger spaces characters are forced to either perpetually attempt to assimilate or inhabit this interstitial stranger identity that is often viewed as a nowhere or homeless space Those who pursue assimilating endlessly try to fit in to no avail such as Jenny Schecter from Showtime s popular *The L Word* who is ultimately killed off on the show possibly murdered by her LGBTQIA community of friends Karp shows that those who attempt to make a home in a stranger positionality align themselves with other estranged and othered peoples such as characters throughout Sarah Schulman s novels and that this constitutes an ethical stance against the ways in which assimilation often inadvertently supports the workings of violent hegemonies in the United States

American cultural scene during the 1950s of Jewish American writers like Bernard Malamud Philip Roth Saul Bellow and Grace Paley must also be seen as the critically originary moment of Jewish American literary study According to Schreier this is the primal scene of the Jewish American literary field the point that the field cannot avoid repeating and replaying in instantiating itself as the more or less formalized academic study of Jewish American literature More than sixty years later the field's legibility the very condition of its possibility remains overwhelmingly grounded in a reliance on this single ethnological narrative In a polemic against what he sees as the unexamined foundations and stagnant state of the field Schreier interrogates a series of professionally powerful assumptions about Jewish American literary history how they came into being and how they hardened into cliché He offers a critical genealogy of breakthrough and other narratives through which Jewish Studies has asserted its compelling self-evidence not simply under the banner of the historical realities Jewish Studies claims to represent but more fundamentally for the intellectual and institutional structures through which it produces these representations He shows how a historicist scholarly narrative quickly consolidated and became hegemonic in part because of its double articulation of a particular American subject and of a transnational historiography that categorically identified that subject as Jewish The ethnological grounding of the Jewish American literary field is no longer tenable Schreier asserts in an argument with broad implications for the reconceptualization of Jewish and other identity-based ethnic studies
