## **The Jocks:**

*The Jocks* Leonard Shecter,1969    *Jocks and Burnouts* Penelope Eckert,1989-01-01 This ethnographic study of adolescent social structure in a Michigan high school shows how the school's institutional environment fosters the formation of opposed class cultures in the student population which in turn serve as a social tracking system    **Black Resistance in High School** R. Patrick Solomon,1992-03-16 This book investigates and brings into focus the formidable issues of racial culture left undeveloped in research on multiracial school populations in the United States Britain and Canada Through ethnographic research the author presents significant and provocative insight into the formation of black self concept and captures the complex interplay between black students accommodation to the official achievement ideology and their resistance to the powerful structural forces operating within the school It offers practical suggestions for working constructively with racial and ethnic subcultures as well as offering suggestions to school districts in the process of planning or implementing race and ethnic relations policies    Toward a Scientific Practice of Science Education Marjorie Gardner,James G. Greeno, Frederick Reif, Alan H. Schoenfeld, Andrea A. diSessa,2013-04-03 This volume supports the belief that a revised and advanced science education can emerge from the convergence and synthesis of several current scientific and technological activities including examples of research from cognitive science social science and other discipline based educational studies The anticipated result the formation of science education as an integrated discipline    **Language in the USA** Edward Finegan,John R. Penelope Eckert,Sally McConnell-Ginet,2013-02-07 Language and Gender is an introduction to the study of the relation between gender and language use written by two leading experts in the field This new edition thoroughly updated and restructured brings out more strongly an emphasis on practice and change while retaining the broad scope of its predecessor and its accessible introductions which explain the key concepts in a non technical way The authors integrate issues of sexuality more thoroughly into the discussion exploring more diverse gendered and sexual identities and practices The core emphasis is on change both in linguistic resources and their use and in gender and sexual ideologies and personae This book explores how change often involves conflict and competing norms both social and linguistic Drawing on their own extensive research as well as other key literature the authors argue that the connections between language and gender are deep yet fluid and arise in social practice    *Our Social World* Jeanne H. Ballantine,Keith A. Roberts,2010-07-29 A fully revised updated and reorganized edition of this popular first year introduction to sociology    **The Sketch** ,1899    **The Federal Cases** ,1896    The Damned Nathan M. Wooden,Randy Blazak,2001 Topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society **Famous racing men, by 'Thormanby'**.
