## The Kammu Year Its Lore And Music:

*The Kammu Year* Kristina Lindell, 1982    **In the borderland between song and speech** Håkan Lundström, Jan-Olof Svantesson, 2022-06-28 This is a study of vocal expressions in the borderland between speech and song based on performances from cultural contexts where oral transmission dominates. Approaches drawn from perspectives belonging to both ethnomusicology and linguistics are integrated in the analysis. As the idea of the performance template is employed as an analytical tool the focus is on those techniques that make performance possible. The result is an increased understanding of what performers actually do when they employ variation or improvisation and sometimes composition as well. The transmission of these culture specific techniques is essential for the continuation of this form of human communication and interaction with the spirit world. By comparative study of other research the result of the analysis is viewed in relation to ongoing processes in society. *Work Songs* Ted Gioia, 2006-04-13 The place of music in different forms of work from the earliest hunting and planting to the contemporary office.    *Lore and Language*, 1985    *Historical Dictionary of Laos* Martin Stuart-Fox, Simon Creak, 2023-02-06 Laos has the smallest population, the weakest military and despite rapid economic growth in recent years one of the lowest levels of per capita income in mainland Southeast Asia. Yet a glance at the map reveals its strategic location between China and Cambodia and Thailand and Vietnam. As Laos was formerly a crossroads for trade routes the socialist government of the Lao People's Democratic Republic seeks to transform the country into a prosperous crossroads at the heart of this rapidly developing region. *Historical Dictionary of Laos* Fourth Edition provides an in depth examination of one of the least known countries in Southeast Asia through a detailed chronology, comprehensive introduction and extensive bibliography. The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion and culture. This book will be an excellent resource for students, researchers and anyone wanting to know more about Laos.

Das Archiv der Estnischen Folklore umfasste 1981 nicht weniger als 1 134 020 Seiten und 33 995 Stücke in einer Phonotheke.
