Mitchell,Sophia Marriage,2003-06-01 This is the first book to bring together many aspects of the interplay between religion media and culture from around the world in a single comprehensive study Leading international scholars provide the most up to date findings in their fields and in a readable and accessible way Some of the topics covered include religion in the media age popular broadcasting communication theology popular piety film and religion myth and ritual in cyberspace music and religion communication ethics and the nature of truth in media saturated cultures The result is not only a wide ranging resource for scholars and students but also a unique introduction to this increasingly important phenomenon of modern life     2020 Digital Church Strategy Alicia Wyman,2020-03-27 Churches should be using the Internet to help accomplish their missions Now more than ever both Christians the unchurched are seeking online church experiences They want to learn about why Jesus is king They want to build and develop an intimate relationship with Jesus And they want to be able to achieve this all online prior to committing to a new and intimidating physical church experience Acts 1:21b reminds us that Jesus went in and out among us so it isn't antithetical to scripture to venture out and adapt for those who do not and cannot attend your church service Our Lord repeatedly set the example of prioritizing meeting others where THEY are It's time to extend your reach and implement a digital strategy for your church Let's glorify God with technology     The Christian Index ,2000     **Give Me That Online Religion** Brenda E.
