

Italian Madrigal

The Italian Madrigal V1

Alfred Einstein

The Italian Madrigal V1:

The Italian Madrigal Alfred Einstein, 2019-08-06 Volume 2 of 3 This monumental three volume work on the Italian madrigal from its beginnings about 1500 to its decline in the 17th century is based on the research of 40 years and is a cultural history of the development of Italian music Mr Einstein renowned musicologist supplies a background and a sense of proportion to the field he gives the right order to the single composers in the evolution of the madrigal attaches new values to old names and places in the foreground the outstanding but until now rather neglected personality of Cipriano de Rore His work is not however purely musicological his object is to inquire into the functions of secular music in Italian life during the Cinquecento and to contribute to our knowledge and understanding of that great century in general Translated from the German by Oliver Strunk Roger Sessions and Alexander H Krappe Originally published in 1948 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

[The Italian madrigal](#) Alfred Einstein, 1949 **Arts & Humanities Citation Index** , 1996 **Amer. Writer V1** James Levernier, Douglas R. Wilmes, 1984-01-24 Product information not available *Music in Medieval and Early Modern Europe* Iain Fenlon, 1981-05-29 This volume consists of original papers first read at King's College Cambridge in 1979 at an international conference on medieval and Renaissance music The contributors are distinguished in a wide variety of musicological interests but all are concerned in one way or another with pursuing the most urgent and promising directions for research in early music history The result far from being merely a further collection of essays applying well tried approaches to familiar material constantly seeks to expand the scope of musicology itself and many of the contributions are interdisciplinary in method The four main topics of the conference were carefully chosen with some editorial control exercised for each session This is reflected in four sections of closely related papers in the book Two of these are concerned with the patronage of music by the Church in fifteenth century England Italy and France and in a broader context in Italy from 1450 to 1550 A group of essays on sixteenth century instrumental music separates these and the book concludes with five papers on theories of filiation as applied to music sources from the tenth to the sixteenth century *Secular Renaissance Music* Sean Gallagher, 2017-07-05 Secular music of the fifteenth and sixteenth centuries encompasses an extraordinarily wide range of works and practices courtly love songs music for civic festivities instrumental music entertainments provided by minstrels the unwritten traditions of solo singing and much else This collection of essays addresses many of these practices with a focus on polyphonic settings of vernacular texts examining their historical and stylistic contexts their transmission in written and printed sources questions of performance and composers approaches to

text setting Essays have been selected to reflect the wide range of topics that have occupied scholars in recent decades and taken together they point to the more general significance of secular music within a broad complex of cultural practices and institutions **The Italian Madrigal** Alfred Einstein,1971 The Italian Madrigal Alfred Einstein,1949 Choral Music

Reviews Index ,1986 **Dictionary Catalog of the Music Collection** New York Public Library. Reference

Department,1964 *The Italian Madrigal in the Early Sixteenth Century* Iain Fenlon,James Haar,1988 This 1988 book examines the genesis and dissemination of the Italian madrigal in its formative stages Iain Fenlon and James Haar have analysed this vast repertoire as it is found in manuscript and print offer information concerning the date and provenance of many fundamental sources together with a view of the subject which differs radically from previous treatments Their study is divided into two parts The first covers the rise and early cultivation of the madrigal chiefly in Florence and Rome The second contains a detailed descriptive inventory of all known manuscripts and printed editions finishing with lists of contents and concordances in each case This important study will serve those with an interest in Renaissance music and the changing cultural ambience of early sixteenth century Florence and Rome *The Italian Madrigal. Text & Score* Alfred Einstein,1971

, **Encyclopedia of Associations V1 National Org 46 Pt2** ,2008-04 AB Bookman's Weekly ,1996 **The International Encyclopedia of Music and Musicians** Oscar Thompson,1975 Voices and Viols in England, 1600-1650
