

The Jacksonian Era

The Jacksonian Era 1828 1848

Glyndon Garlock Van Deusen

The Jacksonian Era 1828 1848:

The Jacksonian Era Glyndon Garlock Van Deusen, 1963-07 **The Jacksonian Era, 1828-1848** Glyndon Garlock Van Deusen, 1959 This book gives fresh insights into the personalities intra party struggles that divided both the Democrats the Whigs during the Jacksonian Era The Jacksonian Era Glyndon Garlock Van Deusen, 2011 From the reign of King Andrew Jackson to the election of Old Rough and Ready Zachary Taylor this absorbing narrative traces the rise and ebb of Jacksonian democracy and the course of the young nation's political economic and social affairs under its influence Foundations of American Political Thought Constance Polin, Raymond Polin, 2006 Foundations of American Political Thought Readings and Commentary explains American historical concepts and key political ideas from 1620 to 1910 In this primer for democracy all verbatim passages and original documents point to their original intentions and ideological movements Key terms and basic terminology are incisive and essential for a thorough understanding of democracy This book represents the setting and trends that produced sound progress in American political growth **The Jacksonian Era. (1828-1848.) [With Plates and Maps.]** Glyndon Garlock Van Deusen, 1963 **Lincoln's Rise to the Presidency** William Charles Harris, 2007 Emphasizes the conservative bent that guided the young statesman's remarkable political evolution revealing a Lincoln who was increasingly driven by his antislavery sentiments and fear for the republic in the hands of the Democrats like Stephen Douglas as much as if not more than his own political ambition The Presidencies of William Henry Harrison & John Tyler Norma Lois Peterson, 1989 On balance Peterson concludes Tyler demonstrated exemplary executive skills and his presidency deserves more credit than it received for what was accomplished and preserved under difficult circumstances A *Bibliography of Modern History* , **Martin van Buren and the American Political System** Donald B. Cole, 2014-07-14 Donald Cole analyzes the political skills that brought Van Buren the nickname Little Magician describing how he built the Albany Regency which became a model for political party machines and how he created the Democratic party of Andrew Jackson Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *A Reappraisal of Franco-American Relations, 1830-1871* Henry Blumenthal, 1871 **An Exemplary Whig** David M. Gold, 2012-07-06 Historians have paid surprisingly little attention to state level political leaders and judges Edward Kent 1802-77 was both He served three terms as a state legislator two as mayor of Bangor two as governor and two as a judge of the state supreme court He represented Maine in the negotiations that resolved the long running northeastern border dispute between the United States and Great Britain and served for four years as the American consul in Rio de Janeiro The foremost Whig in Maine state politics and later a

Republican judge Kent articulated classic Whig political views and carried them forward into his Whig Republican jurisprudence In examining Kent s career as Maine s quintessential Whig An Exemplary Whig reveals his characteristically conservative Whig outlook including an aversion toward disorder and a deep respect for law for existing institutions and for the wisdom of experience Kent brought his conservative disposition into the Republican Party He had no use for radical abolitionism preferring moderation and compromise to measures that endangered social order or the integrity of the Union Kent saw the slave power not abolitionism as the disrupter of the Union and he urged the fusion of all antislavery elements into a new Republican party In 1859 Maine s Republican governor appointed Kent to the state supreme court During his fourteen year tenure Kent adopted a Whiggish jurisprudence pragmatic and commonsensical and displayed a reverence for the common law and a distrust of theoretic speculation After his retirement he chaired a constitutional revision commission admonishing his fellow commissioners to bear in mind the practical wisdom that kept dangerous innovation in check As a politician during the Jacksonian era Kent exemplified Whig leadership at the local and state levels In his jurisprudence he carried the Whig persuasion into the Republican ascendancy and the beginnings of the Gilded Age

History of Pennsylvania Philip S. Klein,Ari Arthur Hoogenboom,2010-11-01 **Stephen F. Austin** Gregg Cantrell,2001-08-01

Stephen F Austin the Father of Texas has long been enshrined as an authentic American hero This biography brings his private life motives personality and character into sharp focus and examines the skills he employed as a central player in events leading to the Texas Revolution The Presidency of James K. Polk Paul H. Bergeron,1987 James K Polk was one of the strongest and most active presidents ever to occupy the office In the nineteenth century only Jefferson Jackson and Lincoln matched his overall leadership and domination of national government Bergeron s crisp insightful narrative shows how and why Polk achieved such stature and yet failed to attract the kind of popular support or retrospective recognition granted other presidential luminaries A native of North Carolina Polk prepared for the presidency by honing his leadership skills as a seven term congressman speaker of the house and governor of Tennessee Bergeron s summary and analysis of those years shed light on the foundations of the presidency that followed He provides fresh new perspectives on Polk s relationship with his cabinet his skirmishes with Congress over domestic economic legislation and the curse of presidential patronage But perhaps the most fascinating portions of this study are devoted to Polk s role as the western expansionist By the end of his term the United States had acquired enormous territories in the Southwest and far West Bergeron demonstrates that Polk adroitly used both war and diplomacy to acquire and protect these lands When the annexation of Texas led to the outbreak of war with Mexico Polk was forced to become commander in chief of the American forces In contrast the potentially explosive dispute with Great Britain over Oregon s borders was settled through purely diplomatic means Norman A Graebner in America s Top Ten Presidents declares Polk s achievements in diplomacy were among the most remarkable in American history Drawing upon a careful review of the extensive literature on our eleventh president as well

as Polk's personal diary Bergeron has written a significant and balanced reassessment of the Polk presidency. In the process he has also created a revealing portrait of a complex man who led the nation with imperial determination tempered with compassion, generosity and even humor. *Lincoln Illuminated and Remembered* William C. Harris, 2023-05-22 In *Lincoln Illuminated and Remembered* venerated Lincoln scholar William C. Harris revisits neglected features of the life and presidency of Abraham Lincoln that deserve further attention. In this collection of essays written with his characteristically inviting prose, Harris draws on decades of scholarship on America's most highly regarded president to provide a fresh and fuller treatment of aspects of Lincoln's political career and legacy that have not been adequately analyzed by historians or biographers. *Lincoln Illuminated and Remembered* offers new perspectives on Lincoln's leadership with particular concern for the origins and development of Lincoln's qualities as a leader. Harris offers up the events of the Mexican American War, an early and often neglected feature of Lincoln's political career, as a crucible for his political identity and vision. Another essay provides a detailed account of Lincoln's support for compensated emancipation, highlighted by his plan to end the Civil War and slavery. Lincoln's military leadership is also described and analyzed along with his relationship with George B. McClellan, Ulysses S. Grant and other Civil War commanders. Harris deftly describes Lincoln's respect for the law and the Constitution and its effects on his policies regarding southern secession, political opposition in the North and guerrilla warfare in the West and along the Canadian border. Finally, a biographical account of James Rood Doolittle, Lincoln's leading supporter in the Senate, is offered within the context of President Lincoln's relationship with Congress, the rise of the Republican Party and the turbulent events of the Civil War and Reconstruction. As Harris argues throughout these essays, Lincoln's development as commander in chief of the armies and his skills in dealing with Congress proved essential in winning the war, ending slavery and elevating Lincoln to the rank of America's greatest president, an honor that was unthinkable at his first inauguration.

The Presidency of Martin Van Buren Major L. Wilson, 1984 Martin Van Buren, eighth president of the United States, has been judged harshly by some historians as a politician by trade and a spoilsman without principles, a little magician who was interested only in his own advancement. This volume provides a thorough recounting of the events and decisions of Van Buren's White House years, 1837-1841, and adds to the positive reappraisal of Van Buren as an able statesman and effective chief executive. Wilson stresses that Van Buren faced the major problems of his presidency with courage and consistency and that he brought repose to a nation wrenched both by sectional differences and by the violent fluctuations of economic expansion and contraction. Wilson discusses Van Buren's close relationship with Andrew Jackson and substantially qualifies the persistent interpretation of the Van Buren presidency as the third term of Jackson. Van Buren, a pragmatic Jeffersonian with a statesmanlike concern for order, reversed Jackson's priorities. Wilson describes how Van Buren resolved the crisis with Mexico and succeeded in keeping peace with Britain at a time when incidents arising out of rebellion in Canada and the disputed Maine boundary might have precipitated war. The most distinctive contribution of this volume is its in-depth analysis

of the economic and political aspects of Van Buren's domestic policy especially the Independent Treasury the issue that gave basic shape to his entire presidency Jackson had divorced the Treasury from the national bank Van Buren took one further step and rendered the operations of the Treasury independent of the state banks as well By the end of his term debate on the issues of currency and enterprise had brought the second party system in the U S to maturity In 1840 Van Buren's views in this area would cost him reelection This study sheds lights on a turbulent period in American history and contributes to our understanding of Martin Van Buren's achievements He kept the nation out of war reduced sectional tensions and established the basis for a fiscal policy which he believed would bring greater stability to economic development

The Era of Good Feelings and the Age of Jackson, 1816-1841 ,1979 **The American Pageant** Thomas Andrew Bailey,1975 **The Jacksonian Era, 1828-1848, Etc. [With Plates and Maps.]**. Glyndon Garlock Van Deusen,1959 **The Enduring Indians of Kansas** Joseph B. Herring,1990-07-18 The Cherokees Trail of Tears and the forced migration of other Southern tribes during the 1830s and 1840s were the most notorious consequences of Andrew Jackson's Indian removal policy Less well known is the fact that many tribes of the Old Northwest territory were also forced to surrender their lands and move west of the Mississippi River By 1850 upwards of 10 000 displaced Indians had been settled permanently along the wooded streams and rivers of eastern Kansas Twenty years later only a few hundred mostly Kickapoos Potawatomis Chippewas Munsees Iowas Foxes and Sacs remained Joseph Herring's The Enduring Indians of Kansas recounts the struggle of these determined survivors For them the end of Indian Kansas was unacceptable and they stayed on the lands that they had been promised were theirs forever Offering a good counterpoint to Craig Miner's and William Unrau's The End of Indian Kansas see opposite page Herring shows the reader a shifting set of native perspectives and strategies He argues that it was by acculturation on their own terms by walking the fine line between their traditional ways and those of the whites that these Indians managed to survive to retain their land and to resist the hostile intrusions of the white world The story of their epic struggle to survive will place a new set of names in the pantheon of American Indian heroes

Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **The Jacksonian Era 1828 1848**

In a world inundated with monitors and the cacophony of instantaneous transmission, the profound energy and mental resonance of verbal art often disappear in to obscurity, eclipsed by the regular onslaught of noise and distractions.
